The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages .01 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

LOUISIANA.

CAPITAL, BATON ROUGE.

POPULATION OF STATE, 939,946.

(Census of 1880.)

Males.....	468,754	Native.....	885,800
Females.....	471,192	Foreign	54,146
White.	454,954	Chinese.....	489
Colored.....	483,655	Indians.....	848

Louisiana is bounded on the north by Arkansas and Mississippi, on the south by the Gulf of Mexico, on the east by Mississippi, and on the west by Texas, and extends from 89° 30' to 94° west longitude, and from 29° to 33° north latitude. It comprises an area of 41,346 square miles, or 26,461,440 acres. The State throughout is a low, alluvial plain, and the southeastern and eastern counties are swampy, while those in the northwest and west, being somewhat hilly, are better drained. Much of the soil bordering on the Mississippi is below the level of the river during high water, and is protected from inundation by levees of earth similar to the dikes of Holland.

The principal river of Louisiana is the Mississippi, which is navigable throughout its entire length in the State for the largest steamboats, and at all seasons of the year. The Red river, also navigable, extends through the northwestern and central portion of the State. The Washita in the north and Calcasieu in the south are the next most important rivers. Many lakes and lagoons are scattered over the State, the largest being Ponchartrain, which is connected with the Gulf of Mexico by Lake Borgne, which is navigable.

The climate is warm, but the winters are colder and more variable than in the same latitude on the Atlantic coast. The mean annual temperature, as observed at New Orleans, is 69.06°; that of the summer, 81.08°, and of the winter, 56°. The average annual rainfall is about 51 inches. Vegetation is luxuriant, and many tropical plants and fruits flourish here, and sugar and cotton are the agricultural staples.

Iron, ochre, gypsum, marl and coal are the principal minerals.

The following table shows the increase in population for 60 years:

1820.....	152,923	1860	708,002
1830.....	215,739	1870.....	726,915
1840.....	352,411	1880....	939,946
1850.....	517,762		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 1,553; capital invested, \$11,462,458; number of hands employed, 12,167; total wages paid during the year, \$4,358,841; value of materials, \$14,442,506; value of products, \$24,205,183.

There are several mineral springs in the State.
 There is one medical college in the State, the Medical Department Tulane University of Louisiana.

Rate of Mortality in Louisiana, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1000 White.	Rate per 1000 Colored.
939,946.	14,514.	15.44	7,038	7,476	15.46	15.41

Total number of deaths from consumption during 1880 was 1,514, which was at the rate of 1.60 per 1,000 of population, or 104.31 per 1,000 of total deaths.

MEDICAL LAWS OF LOUISIANA.

AN ACT RELATIVE TO THE PRACTICE OF MEDICINE AND SURGERY.

Be it Enacted by the General Assembly of the State of Louisiana:

SECTION 1. That no person shall be allowed to practice medicine or surgery, as a means of livelihood, in any of the departments, without first making affidavit before a duly qualified judge or justice of the peace, or clerk of the district court, or notary public, in the parish wherein he resides, of his having received the degree of doctor of medicine from a regularly incorporated medical institution of respectable standing in America or in Europe, and designating its name and locality, and the date of his diploma, such degree to be manifested by a diploma issued by such institution, and its respectable standing to be evidenced by the indorsement or certificate of the State Board of Health written on the face of said diploma and signed by the secretary; said affidavit shall also contain the full name of the person making the same, the date and place of his birth, and the names and places where he may have previously practiced medicine or surgery; and for every diploma certified or *vised* by the said Board of Health, a fee of fifty cents shall be paid by the applicant, and a record of diplomas certified shall be preserved by said State Board of Health, and copies thereof, certified by the secretary, shall be received in evidence by the courts of this State: *Provided*, that the said State Board of Health shall be required to certify the diploma of any medical institution of credit and respectability, without regard to its system of therapeutics, and whether the same be regular, homœopathic or eclectic.

2. That the affidavit required in the first section of this act shall be recorded in the office of the clerk of the district court of the parish, who shall make such record in a book to be kept for that purpose only, and also certify such recordation by an indorsement on the original affidavit, which the affiant shall transmit to the State Board of Health; the officer before whom the affidavit is made, unless he be a judge, shall be entitled to a fee of fifty cents; and the officer recording the same, to a fee of one dollar; the clerk of the court shall charge no fee for the preservation of the original affidavits, but a copy thereof, duly certified by the clerk of the court, shall be admissible in evidence, and a fee of fifty cents shall be paid for said copy.

3. That the provisions of this act shall not apply to female practitioners of midwifery as such, nor to persons who have been practicing medicine or surgery in this State without diplomas for the period of five years prior to the passage of this act, nor to persons who have been practicing medicine or surgery in this State with diplomas emanating from a regularly incorporated medical institution of reputable standing in America or in Europe, for ten years prior to the passage of this act: *Provided*, that such practitioners of medicine or surgery shall make an affidavit before any judge, justice of the peace, notary public or clerk of court of the parish wherein he resides, setting forth the following facts: The full name of the person making the affidavit, the date and place of his birth, the date of his diploma, if he have any, and the name and locality of the institution by which it was made, the date and place where he began the practice of medicine in Louisiana, and the names of the places where he may have previously practiced medicine or surgery; such affidavit shall be transmitted or delivered to the State Board of Health and shall entitle the affiant to be placed on the list of registered physicians or surgeons, the publication of which is hereinafter provided for, and the officer before whom such affidavit is made shall be entitled to a fee of fifty cents; and the said State Board of Health shall preserve said affidavits, and a copy thereof, signed by the secretary, shall be received as evidence in the courts of this State, and for such copy a fee of fifty cents shall be paid. And any person who shall, in the affidavit required by this section, wilfully make any false statement, shall be deemed guilty of the crime of perjury, and punished in the manner provided by existing laws for the punishment of the crime of perjury.

4. That a copy of the affidavit recorded by the clerk of the district court, certified by him, shall be *prima facie* evidence that the person making the affidavit is a duly registered physician or surgeon, and a certified copy of the original affidavit filed with the State Board of Health, or a certificate emanating from said State Board of Health, that the name of the person mentioned in the certificate is on the list of registered physicians and surgeons, shall be conclusive evidence of the fact.

5. That it shall be the duty of the State Board of Health to publish annually, in the official journal of the State, and if there be no such journal, in one of the daily newspapers published in the city of New Orleans, a list of all the registered physicians and surgeons in the State, and their places of residence, and such published list shall be received in evidence by the courts of this State as proof that the physicians and surgeons therein named are duly registered, as required by law; and the said State Board of Health is hereby required to strike from said list the names of such persons who may have been convicted of any infamous crimes by any court of this State or of the United States, or of any State of the United States, whether such conviction occur prior or posterior to registration; and it is also empowered to strike from said list the names of persons who may die after registration. If any person is improperly stricken from said list, he may be restored by writ of *mandamus*, issued by the judicial tribunals of the State, sitting in chambers, competent to investigate such cases.

6. That any practitioner of medicine or surgery, failing to comply with the requirements of this act, shall not be exempt from jury or militia duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in legal or State medicine in any court of this State, nor to execute any certificate as a surgeon or physician, nor to hold any medical office, nor to be recognized by the State or any parish or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this State; and moreover, he shall forfeit and be liable to a penalty of one hundred dollars for each and every violation of this act, and for each and every time he so violates it, said sum or sums to be recovered in a civil action to be brought before any court of competent jurisdiction, in the name and for the benefit of the Charity Hospital at New Orleans; and he shall in addition thereto, be subject to criminal prosecution and be punished in the manner prescribed by law for violations of this act.

7. That this act shall not apply to practitioners of medicine or surgery residing and practicing in other States who may be summoned in special instances to attend patients in the State of Louisiana by any registered physician.

8. This act shall take effect on and after the first day of January, 1883.

AN ACT making it a crime for any person to practice, or to offer to practice, medicine or surgery in this State for pay, without having first complied with the provisions of Act No. 31 of the Acts of 1882, approved June 26, 1882, relative to the practice of medicine and surgery, and prescribing the punishment thereof.

SECTION 1. Be it enacted by the General Assembly of the State of Louisiana, Whoever shall practice, or offer to practice medicine or surgery in this State for pay, without having first complied with the provisions of Act No. 31 of the Acts of 1882, approved June 26, 1882, relative to the practice of medicine and surgery, shall be deemed guilty of a misdemeanor, and shall upon conviction be fined not less than fifty dollars, or imprisonment not more than three months, or both, at the discretion of the court.

2. Be it further enacted, etc., That all fines imposed by this act shall be for the benefit of the charity hospitals of the parishes in which the offense herein provided for may be committed, and in parishes where there is no such hospital, for the benefit of the public school fund. No criminal prosecution under Section 1 of this Act, shall bar the imposition of any fine by civil process provided by Section 6 of said Act 31 of the acts of 1882, nor shall the imposition of such fine bar such criminal prosecution.

3. Be it further enacted, etc. That this act shall not apply to practitioners of medicine and surgery residing and practicing in other States, who may be summoned in special instances to attend patients in the State of Louisiana by any registered physician.

4. Be it further enacted, etc., That this act shall take effect on and after the first day of January, 1887.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MAINE.

CAPITAL, AUGUSTA.

POPULATION OF STATE, 648,936.

(Census of 1880.)

Males.....	324,058	Native.....	590,053
Females.....	324,878	Foreign.....	58,883
White.....	646,852	Chinese.....	8
Colored.....	1,451	Indians.....	625

The State of Maine is located in the extreme northeastern portion of the United States, and extends from 43° 5' to 47° 30' north latitude, and from 66° 50' to 71° west longitude. It is bounded on the north by Canada, on the south by the Atlantic Ocean, on the east by New Brunswick, and on the west by New Hampshire, and comprises an area of 35,000 square miles or 22,400,000 acres. The western portion of the State is mountainous, the range being part of the Appalachian system.

Maine is well supplied with lakes and rivers, the principal rivers being the Androscoggin, Kennebec, Penobscot, Grand, St. John and Saco, besides which there are a vast number of smaller streams which irrigate and drain every portion of the State.

The climate is healthful, and the winters, although long and severe, are unmarked by injurious variations, while the summers are pleasant. The mean annual temperature at Portland is 43.00°, that of the summer 63.73°, and of the winter 21.69°. These figures are the result of observations extending over a period of 37 years. The average annual rainfall is about 44.50 inches.

A considerable portion of the State is covered by large forests of coniferous and deciduous trees, the former being, however, much more abundant than the latter. Wild animals and game are met with in the more unsettled portions, while migratory birds, such as geese, ducks and passenger pigeons, abound during the summer months.

Granite and marble are the only minerals.

The following table shows the increase in population for 60 years :

1820.....	298,269	1860.....	628,279
1830.....	399,455	1870.....	626,915
1840.....	501,719	1880.....	648,936
1850.....	583,169		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 4,481; capital invested, \$49,984,571; number of hands employed, 52,949; total wages paid during year, \$13,621,538; value of materials, \$51,119,286; value of products, \$79,825,393.

Its educational and religious advantages are excellent.

The principal agricultural products are hay, potatoes, corn, wheat, oats and barley, and the manufacture of cotton is one of the leading industries.

There are some medicinal springs in the State.

The medical colleges in the State are the Medical School of Maine, at Bowdoin College, at Brunswick, and the Portland School for Medical Instruction, at Portland.

Rate of Mortality in Maine, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
648,936	9,523	14.67	9,470	53	14.64	25.43

Total number of deaths from consumption during 1880 was 1,829, which was at the rate of 2.80 per 1,000 of population, or 192.06 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS

Greely Hospital—Capacity, 46. Established, 1874. Portland St., Portland. Physician-in-charge, Alfred King, M. D. Matron, Miss Katherine Stewart.

Maine Eye and Ear Infirmary—Capacity, 16. Established, 1885. 110 Federal, Portland. Physician-in-charge, E. E. Holt. Matron, Mrs. E. B. Eastman.

Maine General Hospital—Capacity, 70. Established, 1874. Arsenal, Portland. Physician-in-charge, Charles O. Hunt. Matron, Lucinda W. Warren,

Maine Insane Hospital—Capacity, 600. Established, 1840. Physician-in-charge, Bigelow T. Sanborn. Matron, Miss Alice Twitchell.

Portland Dispensary—Established, 1853. 484½ Congress, Portland. Physicians-in-charge, Drs. J. B. O'Neil, J. F. Thompson, W. L. Dana.

United States Marine Hospital—Capacity, 32. Established, 1859. Veranda, East Deering, Portland. Surgeon-in-charge, Charles E. Banks.

State Board of Health—President, Frederick H. Gerrish, M. D., Portland. Secretary, A. G. Young, M. D., Augusta.

Local boards of health in principal cities.

Medical School of Maine—At Bowdoin College, Brunswick. Secretary, Alfred Mitchell, M. D.

Portland School for Medical Instruction—Portland. Registrar, C. O. Hunt, M. D.

MEDICAL SOCIETIES.

Androscoggin Medical Association—Secretary, E. S. Coan, Pleasant, Auburn.

Cumberland County Medical Society—Secretary, M. Alice Avery, Portland.

Kennebec County Medical Society—Secretary, D. P. Bolster, Augusta.

Knox County Medical Society—Secretary, Oscar W. Stone, Camden.

Maine Eclectic Medical Society—Next annual meeting on 4th Wednesday in May, 1890, at Portland. President, F. Fossett; Vice-President, O. W. Norton; Secretary, F. Barrett, Kennebunk Port; Treasurer, N. R. Martin; Librarian, J. S. Wright.

Maine Homœopathic Medical Society—Next annual meeting on 1st Tuesday in June, 1890, at Bangor. President, J. W. Whidden, Portland; Vice-President, D. C. Perkins, Rockland; Secretary, J. C. Gannett, Yarmouth; Treasurer, W. S. Thompson, Hallowell.

Maine Medical Association—Next annual meeting on 2d Tuesday in June, 1890, at Portland. President, Benjamin F. Sturgis, Auburn; 1st Vice-President, A. L. Hersey, Oxford; 2d Vice-President, R. D. Bibber, Bath; Recording Secretary, Charles D. Smith, 126 Free, Portland; Corresponding Secretary, J. L. M. Willis, Eliot; Treasurer, Aug. S. Thayer, Portland.

*Penobscot County Medical Association.**

Portland Clinical Society—Secretary, Charles A. Ring, 608 Congress.

Portland Medical Club—Secretary, B. F. Dunn.

Portland Practitioners' Club—Secretary, Miss M. Alice Avery, Congress.

Somerset County Medical Society *

*Waldo County Medical Association.**

MEDICAL LAWS OF MAINE.

1885. An effort was made at the last session of the Legislature to pass a bill, of which the following were the provisions: Graduates of Institutions legally qualified to confer medical degrees and all who had practiced without a diploma for thirteen or more years continuously, should be allowed to register. All persons practicing medicine without having been registered should be deemed guilty of a misdemeanor, and on conviction thereof, be punished by a fine of from one to five hundred dollars, or by imprisonment of from three to twelve months, or both.

This bill was favored by the better elements of all sects; but quacks, botanics, magnetics and Druids (the latter a class peculiar to this State), combined, and defeated the bill by a small majority in the House. It had passed the Senate quite unanimously.

1887. A bill was passed by both Houses, but was vetoed by the Governor.

MISSOURI VACCINE FARM. } NIMAL VACCINE Prepared under Supervision
of R. M. HIGGINS, M.D., WEBSTER GROVES, MO.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

White.....	724,693	Chinese	5
Colored	210,230	Indians	15

Maryland is bounded on the north by Pennsylvania, on the south and west by Virginia, West Virginia and the District of Columbia, and on the east by the Atlantic Ocean and Delaware. It is one of the thirteen original States, and

ABBREVIATIONS—R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical;
*, No report received in answer to enquiry regarding graduation; †, Attended lectures but
did not graduate; §, Holds certificate of Examining Board; ‡, Not a graduate; *, Claims to
have graduated, but the records do not show that a diploma was granted to any one bearing
the name; †, Legally authorized under the "years of practice" section of act.

extends from 37° 43' to 39° 45' north latitude and from 75° 10' to 79° 30' west longitude, and comprises an area of 11,124 square miles, or 7,119,360 acres. The State is divided throughout almost its entire length into two unequal parts by the Chesapeake Bay. The surface of the eastern shore is mostly level, and is in parts swampy, but towards the north it is hilly and broken ; the northwest is mountainous, being traversed by six ranges of the Alleghanies. The principal rivers of Maryland are the Susquehanna, Potomac, Pokomoke, Wicomico, Nanticoke, Choptank, Gunpowder, Patapsco, etc. The climate is mild and healthful, being tempered by the proximity of the ocean. The mean annual temperature, as observed at Baltimore, is 54.91°—that of the summer 75.08° and of the winter 34.50°. The average annual rainfall is about 41 inches. Pine forests are found in the eastern portion, cypress trees abound in Central Maryland, and many varieties of deciduous trees are interspersed throughout the State. Iron and coal are extensively mined and constitute the chief mineral wealth. Copper, nickel, cobalt, galena, alum and barytes are also found, and marble and building stones are abundant. Tobacco, wheat, corn and fruit are the principal productions, and the oyster fisheries are the most extensive on the Atlantic coast.

The following table shows the increase in population for 60 years.

1820.....	407,350	1860.....	687,049
1830.....	447,040	1870.....	780,894
1840.....	470,019	1880.....	934,943
1850.....	583,034		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 6,787; capital invested, \$58,735,684; number of hands employed, 74,942; total wages paid during the year, \$18,904,065; value of materials, \$66,923,630 ; value of products, \$106,771,393.

Maryland possesses religious and educational facilities of a high order.

The following is a list of the Medical colleges in the State: School of Medicine of the University of Maryland, Baltimore; College of Physicians and Surgeons, Baltimore ; Baltimore Medical College, Baltimore ; Women's Medical College of Baltimore, Baltimore; Baltimore University School of Medicine, Baltimore ; and a preliminary college known as the Johns Hopkins University Medical Department, Baltimore.

Rate of Mortality in Maryland, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
934,943	16,919	18.10	12,362	4,557	17.05	21.67

Total number of deaths from consumption during 1880 was 2,381, which was at the rate of 2.50 per 1,000 of population, or 140.73 per 1,000 of total deaths.

MEDICAL LAWS OF MARYLAND.

AN ACT TO PROMOTE THE PUBLIC HEALTH AND REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MARYLAND.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That every person practicing medicine in any of its departments in this State, shall possess the qualifications required by this Act ; if a graduate of medicine, he or she shall present his or her diploma to the State Board of Health for verification as to its genuineness, or furnish such other evidence as may be satisfactory to the said Board of Health that he or she is a *bona fide* graduate of a reputable medical college, authorized by law to issue diplomas ; if the diploma has been issued by a *legally authorized medical college of good reputation and standing*, and if the person named therein be the person claiming or presenting the same, the State Board of Health shall issue its certificate to that effect, signed by the president and secretary of the said Board, and such certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State. *Provided* that the provisions of this act shall not apply to any person who has been practicing medicine continuously within this State for ten years before the passage of this act.

2. *And be it enacted,* That the verification of the diploma shall consist in the affidavit of the holder or applicant that he or she is the lawful possessor of the same, and that he or she is the person therein named ; and for the purposes of this Act the said State Board of Health, or a majority thereof, is authorized to administer oaths or examine under oath, any person applying for the certificate of the Board. Graduates may present their diplomas, with affidavits as to the genuineness of the same, taken before any person authorized to administer oaths in this State, attested under the hand and official seal of such officer, if he have a seal, by letter or by proxy ; and the said State Board of Health shall, if satisfied that the diploma has been issued by a *legally authorized medical college of good reputation and standing*, and that the applicant is the lawful possessor of the same, issue a certificate the same as though the owner of the diploma were present.

3. *And be it enacted,* That every person not a graduate of any legally authorized medical college, but who is practicing in the State when this Act shall take effect, shall present himself before the State Board of Health for such examination as the said Board shall require, and if the examination be satisfactory to the examiners, the said Board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

4. *And be it enacted.* That the said State Board of Health shall receive a fee of one dollar for every diploma examined and certificate issued thereon, or from every graduate who applies for the certificate of the Board ; and every candidate not a graduate applying for a certificate shall pay a fee of five dollars, which shall be returned to the applicant if a certificate be refused ; all fees received by the said Board shall be applied to the expenses of carrying out the provisions of this act, and the excess thereof, if any, shall be used for the State Board of Health, an account of which, and how disbursed, the State Board of Health shall report to the Governor.

5. *And be it enacted,* That every person holding a certificate from the State Board of Health shall have it recorded in a book to be kept for that purpose in the office of the clerk of the county, or the clerk of the Circuit Court of Baltimore City, as the case may be, in which he or she resides, and the record shall be endorsed on the certificate ; any person removing to another locality other than that in which his certificate is recorded, shall procure an endorsement to that effect, and shall in like manner have his or her certificate recorded in the county or city of Baltimore, as the case may be, to which he or she removes ; and the holder of the certificate shall pay to the county clerk or clerk of the Circuit Court of Baltimore City, as the case may be, the usual fees for making the record.

6. *And be it enacted,* That any person shall be regarded as practicing medicine within the meaning of this act who shall profess publicly to be a physician, and prescribe for the sick, or who shall append to his name the letters M. D. ; but nothing in this act shall be construed to

prohibit students from prescribing under the supervision of preceptors, or to prohibit gratuitous services in cases of emergency ; and this act shall not apply to commissioned surgeons in the United States army, navy or marine hospital service, nor shall it apply to physicians or surgeons not resident in this State, who may be called in consultation within this State.

7. *And be it enacted*, That the State Board of Health may refuse certificates to persons presenting diplomas from colleges or schools not in good standing or to individuals guilty of unprofessional or dishonorable conduct or of criminal practice, and they may revoke certificates for like causes. No such certificate shall be refused to any such person because he or she may belong to a different recognized school of medicine from any member of said Board.

8. *And be it enacted*, That any person practicing medicine in this State without complying with the provisions of this act, or who shall advertise himself to the public as skilled in the treatment of any particular disease or injury, without first having secured and recorded the certificate of the State Board of Health, or who shall, by writing, printing, or any other method, publicly profess to cure or treat diseases, injury, or deformity by any drug, nostrum, manipulation, or other expedient, without having complied with the provisions of this act, or who shall represent himself as being authorized to practice medicine or surgery in this State, when in fact he is not so authorized, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars, nor more than five hundred dollars or be imprisoned in jail not less than three months, nor more than twelve months, or be both fined and imprisoned at the discretion of the court.

9. *And be it enacted*, That any person filing or attempting to file as his own the diploma or certificate of another, or a forged diploma or forged affidavit of identification, shall be deemed guilty of the crime of forgery, and, on being convicted thereof, shall be punished by imprisonment in the penitentiary or house of correction, at the discretion of the court, for not less than two years, or by a fine of not less than two hundred dollars, nor more than five hundred dollars, or both, in the discretion of the court.

10. *And be it enacted*, That this act shall take effect from the date of its passage.

Approved, April 5th, 1888.

--	--	---

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on page 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

Colored.....	18,697	Indians.....	369

CAMPHO-PHENIQUE. See Advertisement, Page 10.

The State of Massachusetts, which was included in the original thirteen, extends from 41° 15' to 42° 55' north latitude and from 69° 56' to 73° 31' west longitude, and comprises an area of 7,800 square miles, or 4,992,000 acres. It is bounded on the north by Vermont and New Hampshire, on the east by the Atlantic Ocean, on the south by Rhode Island and Connecticut, and on the west by the State of New York. The surface is greatly diversified, the western portion being mountainous, the southeastern low and sandy. None of the rivers of Massachusetts are navigable, but many of them afford excellent water power. The principal ones are the Connecticut, which traverses the western portion of the State from north to south; the Housatonic, Merrimac, Blackstone, Taunton, Charles and Mystic.

The climate is cool and salubrious, the winters being severe and long and the summers warm but short. The mean annual temperature as observed at New Bedford during a period of 58 years is 48.56°; that of the summer 66.95° and of the winter 30.21°. The average annual rainfall is about 45 inches.

The soil in the Connecticut valley is extremely fertile, but in other portions only moderately so. Corn, tobacco and wool are the principal productions. A number of the inhabitants of the seaports are engaged in fishing, which is one of the important industries of Massachusetts.

The following table shows increase in population for 65 years :

1820.....	523,159	1860.....	1,231,066
1830.....	610,408	1870.....	1,457,351
1840.....	737,699	1880.....	1,783,085
1850.....	994,514	1885.....	1,941,465

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 14,352; capital invested, \$303,806,185; number of hands employed, 352,255; total wages paid during the year, \$128,315,362; value of materials, \$386,952,655; value of products, \$631,511,484.

The medical colleges of Massachusetts are the Harvard University Medical School, Boston; Boston University School of Medicine (Homœo), Boston; and the College of Physicians and Surgeons, Boston.

Rate of Mortality in Massachusetts, as Computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000 Colored.
1,783,085	33,149	18.59	32,720	429	18.55	22 22

Total number of deaths from consumption during 1880 was 5,207, which was at the rate of 2.90 per 1,000 of population, or 157.07 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

- Adams Nervine Asylum—Capacity, 30. Established, 1880. Centre, Jamaica Plain, Boston. Physician-in-charge, Samuel G. Webber, M. D. Matron, Mrs. Jennie Sherwood.
- Alms House Infirmary—Springfield.*
- Anna Jaques Hospital—Capacity, 20. Opened, 1884. Newberryport.
- Asylum for the Chronic Insane (State Almshouse)—Capacity, 400. Established, 1854. Tewksbury. Physician-in-charge, C. Irving Fisher, M. D. Matron, Mrs. Susan P. Hankins.

Boston City Hospital—Capacity, 482. Established, 1874. Harrison ave., opposite Worcester sq., Boston. Superintendent, G. H. M. Rowe, M. D. Matron, Lucy L. Drown.

Boston Dispensary—Established, 1796. Cor. Ash and Bennett, Boston. Superintendent, Wm. H. H. Hastings, M. D.

Boston Home for Incurables—Capacity, 65. Established, 1884. 2049 Dorchester ave., Boston. Superintendent, Mrs. M. D. Burnham.

Boston Lunatic Hospital—Capacity, 200. Established, 1839. East 1st, near M. So. Boston. Superintendent, Theodore W. Fisher, M. D.

Boston Lying-In Hospital—Capacity, 36. Established, 1832. 24 McLean, Boston. Visiting Physicians, Wm. L. Richardson, Wm. E. Boardman. Matron, Mrs. E. J. A. Higgins.

Cambridge Hospital—Capacity, 40. Established, 1870. Mt. Auburn, Cambridge. Physician-in charge, Charles H. Gray. Matron, Miss Harriet W. Moore.

Carney Hospital—Capacity, 150. Old Harbor, So. Boston. In charge of Sisters of Charity.

Channing Home—Capacity, 15. 30 McLean, Boston. Three visiting physicians. Matron, Eliza McDonnell.

Charlestown Free Dispensary and Hospital—27 Harvard Square, Boston. Superintendent, Edward J. Forster.

Children's Hospital—Cor. Huntington ave. and W. Chester Park, Boston. Secretary, F. H. Brown, M. D. Superintendent, Sister Maria.

Children's Island Sanitarium—Capacity, 100. Established, 1886. Salem. Physician-in-charge, H. C. Haven, M. D. In charge of Sisters of St. Margaret.

City Dispensary—Established, 1879. Market House block, Lowell.

City Hospital—Capacity, 20. Established, 1879. Boston road, Springfield.

City Hospital—Capacity, 90. Established, 1871. Jaques ave., Worcester. Physician-in-charge, Charles A. Peabody.

Consumptives' Home—Capacity, 75. Established, 1864. Grove Hall, cor. Washington and Blue Hill ave., Boston. Superintendent, Charles Cullis, M. D.

Cooley Dickinson Hospital—Capacity, 25. Established, 1885. Northampton. Six visiting physicians. Matron, Estelle Manter.

Danvers Lunatic Hospital—Capacity, 750. Established, 1887. Danvers. Superintendent, Charles W. Page, M. D.

Deer Island Institution—Boston Harbor. Office, 14 Beacon, Boston.

Dispensary for Diseases of Women and Children—Established, 1873. 18 Staniford, Boston. Three attending physicians.

Dispensary of the Dwight Manufacturing Co—Chicopee Falls.

Essex County Receptacle for the Insane—Capacity, 70. Ipswich.

Fall River Hospital—Established, 1885. Fall River.

Free Hospital for Women—Capacity, 20. 58 and 60 E. Springfield, Boston. Physician-in-charge, Wm. H. Baker. Matron, Miss Emily A. Turner.

Haverhill City Hospital—Capacity, 30. Established, 1882. Kenoza ave., Haverhill.

Herbert Hall—Capacity, 20. Established, 1873. Worcester.

Homœopathic Medical Dispensary—14 Burroughs place, Boston.

Homœopathic Medical Dispensary—Charity building, Chardon, Boston. Physician-in-charge, Clara C. Austin, M. D.

Homœopathic Medical Dispensary—E Concord, nr Harrison ave., Boston. Superintendent, A. L. Kennedy, M. D.

Hospital Cottages for Children—Capacity, 50. Established, 1882. Baldwinville, Templeton.

Hospital for Mental Diseases—Capacity, 13. Established, 1884. Bourne, Boston. Physician-in charge, Henry R. Stedman; Matron, Mrs. H. R. Stedman.

Hospital for Private Obstetrical and Gynecological Cases—Capacity, 8. Established, 1879. 26 Worcester sq., Boston. Superintendent, Mrs. Jennie E. Rand.

Patented July 3, 1888.

HOTEL FLOWER.

The Most Magnificent Health Palace in the World.

This magnificent home for invalids is unique in almost every respect. In the first place, it possesses nothing to suggest that it is anything other than one of the most palatial hotels in the world. The basement is used chiefly for baths, here being found the most complete and magnificent Turkish Bath House on the continent, where patients enjoy Turkish, Russian, Roman, Hot and Cold Sea, Sulphur, Electric, and Medicated Vapor Baths most skillfully administered among such surroundings as charm the eye and delight the mind.

The Electrical Department is one of the most complete in the world, and is in charge of one of the most scholarly physicians and electricians in the land. One large room is properly fitted up for the generation of ozone, the remedial value of which is well known to progressive physicians. Sun baths are also given in the most approved manner. Magnetic and Massage treatments, and, in fact, every means and agency that time and experience have proved valuable to restore the sick, are brought into requisition in this model, progressive Health Palace.

The table is equal to that found in the best hotels in America, Dr. Flower and his staff believing that the invalids should have the best food, prepared in the most approved manner. For terms and descriptive circular, apply to

THE R. C. FLOWER MEDICAL COMPANY,

---	--	---

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is locate. immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

HEALTH HOME

BATTLE CREEK, MICH.

A Pleasant Home for Invalids, fully equipped for the Thorough Treatment of All Chronic and Nervous Diseases, also Special Attention given to All Surgical Diseases of Women.

No exclusive system is recognized ; all reliable therapeutic agents of established merit being employed, including Electricity, Massage, Manual Swedish Movements, Turkish, Russian, Vapor, Thermo-Electric, Medicated and other baths. The laboratory and pharmacy department is very complete, being supplied with Chemical apparatus, and a fine microscope, so useful and necessary in the diagnosis and study of many diseases. The stock of medicines is selected for their efficiency and pureness, regardless of expense.

The Rest, Diet and Massage Treatment so highly spoken of by Dr. Wier Mitchel, of Philadelphia, and especially adapted to those cases of nervous diseases of women with uterine troubles, is used with the greatest success.

The culinary department is unexceptional. The food is generously supplied and tastefully served three times daily. The physicians prescribe a special diet for those whose cases require it.

Members of the Medical Profession who have patients they wish to send to the "Health Home" may rest assured that they will be treated with due respect and professional courtesy, and suggestions concerning their patients kindly considered.

TERMS, including Board, Room and Treatment, range from \$10.00 to \$15.00 per week. No extra charges whatever.

Special rates given Physicians, Ministers and their families.

Send For Circular.

BUSINESS MANAGER.

Riverside MINERAL SPRINGS BATH HOUSE

DETROIT, MICH.

Open Summer and Winter. Take West Fort St. Cars for Springs.

THIS new and elegant Bathing Establishment is now open to its patrons from 8 A. M. to 8 P. M. during the winter months; from 7 A. M. to 9 P. M. during the Summer months, closing Sundays at 5 P. M. It is pleasantly situated at the corner of Fort Street West and Clark Ave. The front is conveniently arranged with Ladies' Parlors; Gents' Smoking Room, opposite side of main hall; back of these are Ladies' and Gents' Cooling Rooms, to the right and left of main office, at rear end of hall. Passing through halls at each side of office, you step into the Bathing Department proper, where you find Sweat Rooms and forty-eight Bath Rooms; eighteen for ladies and thirty for gentlemen. Here you can get Mineral, Vapor, Shower, Fresh Water, and by taking the benefit of the Sweat Room, an elegant Turkish Bath, minus the marble slab; but what is far preferable, an elegant bath in the finest water known. (See analysis.) We have no Attending Physician, preferring the profession of the city to advise and direct their many patients as to the use of these waters, such instructions being fully carried out by obliging, official and attentive attendants. Many of Detroit's most skillful physicians advise their patients to use these waters, which they are doing with most satisfactory results for Rheumatism, Blood Poisoning, Paralysis, Locomotor-Ataxia, Neuralgia, Dyspepsia, Catarrh, etc. These Mineral Sulphur Springs are becoming deservedly popular, ranking among the noted Saline and Sulphur Springs of the world for their curative properties in the treatment of the diseases above enumerated, also, all diseases of the Skin, Kidney and Bladder Troubles and Kindred Complaints.

Physicians are cordially invited to give the analysis a careful examination. Give us a scrutinizing look over. Take a bath. Send their patients right along and we will assist them on the road to health.

DETROIT, November 23d, 1889.

A. S. CLARK: DEAR SIR:—Herewith please find result of analysis of sample of water left for that purpose from your Mineral Springs:

---	--	---

MICHIGAN.

CAPITAL, LANSING.

POPULATION OF STATE, 1,853,658.

(Census of 1884.)

POPULATION, 1880, 1,636,937. Increase, per cent., 13.24.

Males.....	862,355	Native... ..	1,248,428
Females.....	774,582	Foreign	388,508
White.	1,614,560	Chinese.....	26
Colored.....	15,100	Indians.....	7,249

Michigan consists of two irregular peninsulas known as the Upper and Lower Peninsulas; the former is bounded on the north by Lake Superior, on the south by Lakes Michigan and Huron, on the southwest by Wisconsin, and on the east by the St. Mary's river, which separates it from Ontario; the latter or Lower Peninsula is bounded on the northwest and west by Lake Michigan, on the north-east by Lake Huron, on the south by Indiana and Ohio, and on the east by Lake Huron, the St. Clair river, Lake St. Clair, the Detroit river and Lake Erie. The State extends from 41° 30' to 47° 31' north latitude, and from 82° 24' to 90° 33' west longitude, and comprises an area of 56,451 square miles, or 36,128,640 acres. The surface of the Upper Peninsula is broken and rocky and includes several irregular mountain ranges. The Lower Peninsula is more level. The

principal rivers of the north are the Montreal, Presque Isle, Ontonagon, Menominee and Escanaba, and of the south, Saginaw, Manistee, Pere Marquette, Kalamazoo, Clinton, Muskegon, Huron, Cheboygan, Thunder Bay, etc., etc. The climate is mild but the temperature varies considerably, the mean annual temperature as observed at Fort Mackinac being 41.02°, and at Detroit 47.25°. The average annual rainfall varies from 23 inches at Mackinac to 30 at Detroit. The Upper Peninsula and the northern portion of the Lower are covered by pine forests, while deciduous trees flourish further south. Michigan possesses vast mineral wealth, copper, iron, coal and salt abounding, and the iron produced ranking in quality with the finest in the world. Lumbering is one of the principal industries. Wheat is the agricultural staple.

The following table shows increase in population for 64 years.

1820.....	8,765	1860.....	749,113
1830.....	31,639	1870.....	1,184,059
1840.....	212,267	1880....	1,636,937
1850.....	397,654	1884.....	1,853,658

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 8,873; capital invested, \$92,930,959; number of hands employed, 77,591; total wages paid during year, \$25,318,682; value of materials, \$92,852,969; value of products, \$150,692,085. The educational and religious advantages of Michigan leave nothing to be desired.

The Medical colleges of the State are the University of Michigan, Department of Medicine and Surgery, Ann Arbor; the Detroit College of Medicine, Detroit; the University of Michigan Homœopathic Medical College, Ann Arbor, and the Michigan College of Medicine and Surgery, Detroit.

The following is a list of the principal medicinal springs, with analyses :

Alma Mineral Springs, Alma. A preliminary examination of the three magnetic mineral well waters are shown to consist of as found below, and used at Alma Sanitarium.

ALMA COLLEGE CLINICAL LABORATORY, June 5, 1889.

PROF. SAMUEL P. DUFFIELD, A. M., M. D., Detroit, Mich.

The New Fountain Bath House

MT. CLEMENS, MICH.

Don't Fail to Visit It Before Deciding where to Take Your Baths

Being Centrally Located, it is convenient to all Hotels, Boarding Houses, Churches, Postoffice, and other places of public interest. The most Pleasant and Healthy Location in this beautiful city. Connected by Inclosed Passage with the Fountain Hotel, also the Clifton.

This Sanitarium contains all modern improvements, is elegantly furnished, with five extra parlors for the comfort and entertainment of patrons. It is lighted throughout by Incandescent Electric Lamps. Its mineral water is obtained from a flowing spring on the premises, and as will be seen by analysis below is unsurpassed, if equalled by any other mineral spring in America for medicinal properties. Its fresh water for bathing, is absolutely pure and soft, being obtained from an artesian well.

ANALYSIS:

BUFFALO, N. Y., February 19, 1887.

R. O. MELDRUM, Esq.,

DEAR SIR:—The sample of water from Mt. Clemens, Mich., placed in my hands for analysis, yields the following result expressed in grains per gallon:

CARBONATE OF MAGNESIA.....	.750	CHLORIDE OF SODIUM.....	7084.600
" IRON	1.905	SULPHATE OF CALCIUM.....	82.111
" CALCIUM	1.500	IODIDE OF SODIUM.....	.065
CHLORIDE OF POTASSIUM.....	3.666	BROMIDE OF MAGNESIUM.....	17.250
" CALCIUM.....	1154.400	SILICA.....	19.000
" MAGNESIUM.....	851.800	ALUMINA.....	9.000
SULPHURETTED HYDROGEN GAS, 40.40 Cubic Inches.			

Yours truly,

A. R. DAVIDSON, M. D.,
Prof. Med. Chem. Niagara University.

Diseases Cured include Rheumatism, Syphilis, Blood and Skin Diseases of whatever nature, Lead and Mercurial Poisoning, Paralysis, Epilepsy, Neuralgia, Insomnia, Hysteria, and all Nervous Disorders, Dyspepsia, Catarrh, Constipation, Alcoholism, Female Diseases, Scrofula, Sick Headache, Kidney and Bladder Troubles, Colds, Sciatica, General Debility, Biliousness, Etc.

Price of Baths—Mineral Bath, 50c; Mineral Foot Bath, 25c; Mineral Vapor Bath, 75c; Fresh Water Bath, 25c; Attendant's Fee, 25c extra. Mineral Water, by the Barrel, \$5.00.

Prices of Board—In Hotels, \$6 to \$12 per week; in Boarding Houses, \$5 to \$8.

Railway Connections—Mt. Clemens can be reached by the Grand Trunk from Detroit and Port Huron. At the latter city the line to Mt. Clemens connects with other branches of the system, at Detroit with all other railroads, east, west and south.

ALMA

Medical and Surgical Sanitarium

A. W. WRIGHT, President.

Alma has the most bracing and invigorating atmosphere in the State, with a temperature free from extreme heat in summer, and mild and equable in winter, permitting of out-of-door life to the health-seeker the year around.

This institution is furnished in natural wood, with modern improvements for comfort and convenience of guests, to wit: Heated by Steam and Lighted by Electricity; Hydraulic Elevator and Wheeled Chairs to convey the needy to places desired; Electric Call Bells from room to office; Tables bountifully supplied; Charges Moderate; Cures wonderful; Open all the year; Winter accommodations excellent; Guests eat, sleep and are treated in the same building.

The Alma Magnetic Mineral Water is the Strongest Saline Water in the State.

IT IS THE ONLY MAGNETIC SALINE WATER KNOWN.

IT IS THE ONLY NATURAL MAGNETIC BITTER WATER.

Three Magnetic Mineral Wells, all different waters and medical properties, with Magnetic, Galvanic, Faradic, Galvano-Cautery and Static Electricity, aided by Fresh and Mineral Water, Vibratory Exercises, Pneumatic and Neuro-Dynamic system of cure; Turkish, Russian, Roman, Needle-Spray and Sitz, Pack, Douche, Shower, Pour and Medicated Baths, with a judicious use of Medicine, constitute, in part, our Materia Medica.

We treat all forms of **Acute and Chronic Diseases**, including **Deformities of Spine and Extremities, Rheumatism, Neuralgia, Lumbago, Sciatica, St. Vitus' Dance, Headaches, Sleeplessness, Fever Sores, Spermatorrhœa**, also, **Derangements of the Head, Spine, Nerves, Stomach, Liver, Kidneys, Bladder and Urethra**, with their complications, **Diseases Peculiar to Women, Rectal Diseases** and their complications, **Hay Fever and Catarrhal Troubles**; also, **Lung, Throat and Bronchial Affections**, treated by the most advanced methods known to specialists.

MEDICAL AND SURGICAL

ALMA SANITARIUM CO.

A. W. WRIGHT, President.

THE SANITARIUM was opened in July, 1886. Its patronage has increased to such an extent that an addition, accommodating 100 guests more, will be opened April 1st, 1890.

Alma has the most bracing and invigorating atmosphere in the State, with a temperature free from extreme heat in summer and mild and equable in winter, permitting of out-of-door life to the health seeker the year around.

This Institution is furnished in natural wood, with modern improvements for comfort and convenience of guests, to wit: Heated by Steam and Lighted by Electricity, Hydraulic Elevator and Wheeled

Chairs to convey the needy to places desired, Electric Call Bells from room to office. Guests eat, sleep and are treated in the same building.

THE WATER.

A drinking water of unusual purity is obtained from an Artesian Well, and is an agreeable **MINERAL TONIC**.

For bathing, is used a Magnetic Mineral Water and a Bitter Water from Artesian Wells. The Bitter Water is the strongest known, being obtained at a depth of 3,000 feet, and is especially efficient in Rheumatism and Chronic Skin Diseases.

ELECTRICITY.

Special attention is given to **ELECTRIC BATHS** and **ELECTRICITY** in every form.

THE SANITARIUM possesses the very best facilities for employing the

Turkish, Russian, Needle, Sitz and Vapor Baths.

SYSTEMATIC EXERCISES in the **GYMNASIUM** and the **SWEDISH** movement are used to aid in restoring health.

SPECIAL ATTENTION IS PAID TO THE DIET AND REGULAR MODE OF LIFE.

"THE SHERMANN,"

CONNECTED WITH THE
MEDEA BATH HOUSE,

IS THE

Favorite Hotel of Mt. Clemens.

Open for the Reception of Guests the Year Round.

Its location on the highest ground in the City, makes it entirely free from any possibility of a Malarious Atmosphere, and the surroundings are exceedingly agreeable and healthful.

Being in the very center of the city, and yet so located that, while the pleasure-seeker is in the swim of bustling activity, a large portion of the Hotel is removed from all noise and attendant discomfort. It thus affords the invalid perfect quiet and seclusion.

It is solidly built of brick and stone, with all modern improvements, such as

**STEAM HEATING, GAS LIGHTING, PERFECT SEWERAGE,
AND CONTAINS SPACIOUS PUBLIC ROOMS,
PRIVATE APARTMENTS, Single and Ensuite,
All Supplied with Modern Furniture.**

It will be the constant aim of the proprietors to make the Cuisine of the Hotel the very best.

Accommodation for 250 Guests.

Letters of inquiry regarding rates, etc., will be cheerfully answered.

MEDICAL LAWS OF MICHIGAN.

AN ACT TO PROMOTE PUBLIC HEALTH.

SECTION 1. The People of the State of Michigan enact, That from and after this act shall take effect, it shall not be lawful for any person to practice medicine or surgery, or any branch thereof (except dentistry), in this State, without having the qualifications required in the provisions of this act, and without having first registered in the office of the county clerk, as provided in this act.

2. The necessary qualifications to practice medicine in this State shall be—

First—That every person who shall have actually practiced medicine continuously for at least five years in this State, and who is practicing when this act shall take effect, shall be deemed qualified to practice medicine in this State, after having registered in the office of the county clerk, as provided by this act :

Second—Every graduate of any legally authorized medical college in this State, or in any one of the United States, or in any other country, shall be deemed qualified to practice medicine and surgery in all its departments, after having registered as provided in this act : *Provided*, that the provisions of this act shall not be construed so as to prohibit any student or under-graduate from practicing with and under the instruction of any person legally qualified to practice medicine and surgery under and by the provisions of this act : *Provided*, that every person qualified to practice medicine and surgery under the provisions of this act shall, within three months after this act shall take effect, file with the county clerk of the county wherein he has been engaged in practice, or in which he intends to practice, a statement sworn to before any officer authorized to administer oaths in said county, setting forth, first, if he is actually engaged in practice in said county, the length of time he has been engaged in such continuous practice, and if a graduate of any medical college, the name of the same and where located, when he graduated, and the length of time he attended the same, also the school of medicine to which he belongs. And if he is a student or under-graduate, the length of time he has been engaged in the study of medicine, and where; and if he has attended a medical college, the name of the same and where located, and the length of time so attended and when, also the name and residence of the physician under whose instruction he is practicing or intends to practice. It shall be the duty of the county clerk of each county in this State to record, in a book to be provided by the county, the affidavit (or sworn statement) of every physician practicing in said county. For recording such statement, the county clerk shall receive fifty cents, to be paid by the person filing the same.

3. It shall be the duty of the supervisor, at the time of making the annual assessment in each year, to make out a list of all the physicians and each student practicing under the instruction of a preceptor residing within his township, village, ward or city, with the name, age, sex and color of each, and the length of time each has been engaged in practice, and if a graduate of a regularly established and reputable college, the name of the college and the date of graduation. Such list shall be returned by the supervisor to the township, village or city clerk, and by the clerk recorded in the book in which are kept the records of the local board of health.

4. No person who practices medicine, surgery or midwifery in any of their branches (except dentistry) shall be able, in any of the courts of the State, to collect pay for professional services rendered subsequent to the time that this act shall take effect, unless he was, at the time such professional services were rendered, duly qualified and registered as a medical practitioner according to the several provisions of this act.

5. The supervisor, township, village or city clerk is hereby authorized to administer the oaths required by this act.

6. Whoever advertises or holds himself out to the public as authorized to practice medicine or surgery in this State, when in fact he is not authorized under the provisions of this act, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be liable to a fine of not less than five dollars nor more than fifty dollars for each offense.

7. It shall be the duty of the supervisor and the health officer of the local board of health in each township, village, ward or city to enforce this act. This act shall take effect September 7, 1883.

CONVENIENT METHODS OF MEDICATION.

Tablet Triturates.

NO PHYSICIAN who reads aright the recent history of pharmacy but must acknowledge the great service that this handmaid of medicine is rendering, and the value of the new methods she has devised for administering drugs.

Not the least commendable of these is the Tablet Triturate, which seems to have solved the problem of convenient medication.

We supply a very complete line of Tablet Triturates comprising most of the commonly used remedies of the materia medica. These Tablets are made by the most approved methods, and for permanency, solubility and convenience, leave nothing to be desired. Each Tablet is stamped with its individual number to prevent error. They are put up in glass-stoppered bottles of 1,000 each, or cork-stoppered vials of 100 each.

Salol Tablet. 1 GR. AND 1-10 GR.

THE antiseptic treatment of diarrhoea is now a well established and popular method of treatment. The Salol Tablets are largely used for this purpose by many physicians in both adult and infantile diarrhoea.

Cocaine Tablets.

IF you use Cocaine you must know the advantage of being able to prepare readily a fresh solution of any desired strength. This can be done instantaneously by our soluble Cocaine Muriate Tablets, 2 1-4 and 1 1-8 grains, put up in vials of 12 and bottles of 100, with directions as to how many Tablets to use in making solutions of desired strength. You will find them very convenient.

A Complete Line OF Hypodermic Tablets WITH OR WITHOUT Hypodermic Case.

THE number of active principles which can be utilized for Hypodermic purposes is now very large, and in view of the activity of chemists and pharmacists in the discovery of alkaloids and the preparation of drugs in their most concentrated forms, and the great convenience and accuracy of the Hypodermic mode of medication, it is highly probable that it will eventually to a large extent take the place of medication *per os*.

It therefore gives us much pleasure to announce to our medical friends in anticipation of the growth of this method of medication, and to supply the wants of those who already use it almost to the exclusion of cruder methods, that we supply a very complete line of Hypodermic Tablets.

The special advantages of these Tablets are perfect solubility, accuracy of dose, permanency, freedom from irritant properties and convenience for making solutions.

Pepsinum Purum Tablets, 1 gr. SUGAR-COATED.

THESE TABLETS afford a very convenient and ready method for the administration of Pepsin. In this form Pepsin suffers no loss in peptic or digestive power with an insoluble salt of bismuth, such as the subnitrate.

GELATIN PRODUCTS.

Empty and Filled Gelatin Capsules, and Oval Gelatin-Coated Pills.

The development of æsthetic tastes has been a most marked accompaniment of the material progress of the people of America. The desire to unite beauty with utility is so universally manifested that it was to have been anticipated that it would modify forms of medicine, and this has been the case. To-day the physician who fails to recognize and satisfy this demand, however sterling his qualities, will not attain practical success.

We have a special laboratory for the manufacture of Gelatin Products, and it is, we believe, due to our efforts that this variety of medication has become popular among physicians. The application of Gelatin Capsules in the administration of bitter or nauseous drugs has, we might almost say, revolutionized the exhibition of medicines, and to-day Gelatin Capsules are a favorite method of medication with both physicians and patients.

The step from empty to filled Gelatin Capsules was a most natural one, and at the present time it may be said that physicians might confine internal medication exclusively to this class of products and be able to meet almost every conceivable indication for treatment.

Pharmacy has given to medicine no more elegant method of administering drugs, especially those of a bitter and nauseous character, than the soluble elastic filled capsule PROPERLY MADE. We say properly made advisedly, for owing to the great demand for them so many inferior capsules have been put upon the market by those having imperfect facilities for their manufacture, the resultant product being inelastic, insoluble, and inelegant in appearance, that many physicians do not properly appreciate the advantages offered by a HIGHLY-ELASTIC, PERFECTLY SOLUBLE capsule with medicinal contents of the very PUREST QUALITY OBTAINABLE.

Of the elastic filled capsules we make 87 formulæ. Especially convenient and in greatest demand are elastic capsules of quinine, cascara sagrada, pichi, castor oil, cod-liver oil, copaiba, and cubebs. We trust those of our medical friends not already familiar with this class of our products, will send for our formula book of capsules, wherein many points are presented which we cannot adequately cover here.

PARKE, DAVIS & CO.,
DETROIT AND NEW YORK.

Oval Gelatin-Coated Pills.

The advantages of pills as a method of exhibiting medicines need no presentation to a medical audience. The preference shown by patients for oviform pills, indicated by the extensive demand for them as compared with the round, is not based on fashion or prejudice. The difficulty experienced by many in swallowing round pills has been found to be very much less marked when the oviform are used. Only those who have themselves struggled against the action of the muscles of deglutition to swallow a round pill can fully appreciate the superiority of a form which renders deglutition easy.

Pills from our laboratory are made entirely by hand from the purest materials, and coated by a method avoiding the application of any degree of heat that could impair their medicinal efficacy. The formula in each instance is strictly followed and the ingredients perfectly distributed. Particular care is taken to insure the preservation of the drug, and for permanence, ready solubility, superiority of finish, and uniformity of coating, we believe our pills are unexcelled. Formerly, pills to be coated with gelatin were impaled on pins; the completion of the process on the withdrawal from the pin leaving the pin-hole, which exposed the contents to the deteriorating influence of air and moisture. We alone of all manufacturers now employ a new process for coating which effects the perfect enwrapping and protection of the pill contents. We can, therefore, confidently recommend them to the profession. Our list comprises most of the official and popular formulæ known to the profession, and also many new and valuable combinations. We may mention also our line of sugar-coated pink granules, designed for use in cases which the dose is desired to be frequently repeated, or for administration to children.

We would request physicians desiring full information regarding this eligible class of medicinal products to send for our formula and dose list of pills and granules.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was conferred.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MINNESOTA.

CAPITAL, ST. PAUL.

POPULATION OF STATE, 1,711,798.

(Census of 1885.)

POPULATION, 1880, 780,773.

Increase, per cent., 43.17.

Males	419,149	Native.....	513,097
Females.....	361,624	Foreign.....	267,676
White.....	776,884	Chinese.....	25
Colored.....	1,564	Indians.....	2,300

Minnesota extends from 43° 30' to 49° north latitude, and from 89° 29' to 97° 5' west longitude, and comprises an area of 83,531 square miles, or 53,459,840 acres. It is bounded on the north by the British possessions, from which it is partly separated by Rainy Lake and the river of same name; on the east by Wisconsin and Lake Superior, on the south by Iowa, and on the west by Dakota. The surface is an undulating plain, diversified with rolling prairies dotted with lakes and timber belts. The soil is extremely fertile, and the agricultural staple is wheat. The principal rivers of Minnesota are, the Mississippi, the St. Croix, the Minnesota, the Red River of the North, and the St. Louis, all of which are navigable, and which, with their numerous tributaries, irrigate and drain every portion of the State. The climate is salubrious and invigorating, the summers are cool and pleasant, and although the winters are severe, the atmosphere is so dry and clear that the extreme cold is hardly noticeable.

Minnesota is neither a timber nor a prairie State, but possesses to a large degree the advantages of both, two-thirds of the entire area being prairie land and the balance being covered by forest of coniferous and deciduous trees. Wild animals are found in the forests and on the prairies, and pigeons, grouse and partridges abound. Copper and iron ore constitute the chief mineral wealth of Minnesota.

The following table shows increase in population for 35 years :

1850.....	6,077	1880.....	780,773
1860.....	172,023	1885.....	1,117,798
1870.....	439,706		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 3,493; capital invested, \$31,004,811; number of hands employed, 21,212; total wages paid during the year, \$8,613,194; value of materials, \$55,660,681; value of products, \$76,065,198.

The medical colleges of the State are: Minneapolis College of Physicians and Surgeons, Minneapolis; the College of Medicine and Surgery (Medical Department of the University of Minnesota), and College of Homœopathic Medicine and Surgery (Homœopathic Medical Department of the University of Minnesota).

Rate of Mortality in Minnesota, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
780,773	9,037	11.57	8,960	77	11.53	19.79

The total number of deaths from consumption during 1880 was 848, which was at the rate of 1.00 per 1,000 of population, or 93.83 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

Dr. Bissell's Private Hospital—Capacity, 9. Established, 1889. 653 Portland ave., St. Paul. Physician-in-charge, Jennette M. McLaren. Matron, Ellen W. Hamilton.

- Ramsey County Medical Society*—Secretary, Walter Fitzsimons, 137 Martin, St. Paul.
- Winona County Medical Society*—Secretary, James B. McGaughey, Winona.

MEDICAL LAWS OF MINNESOTA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MINNESOTA.

Be it enacted by the Legislature of the State of Minnesota:

SECTION 1. The governor of this State shall appoint a board of examiners, to be known as the State board of medical examiners, consisting of nine (9) members, who shall hold their office for three (3) years after such appointment and until their successors are appointed.

Provided, That the members thereof first appointed under this act shall be divided into three (3) classes, each class to consist of three (3). The first class shall hold office under said appointment for the period of one (1) year, the second class for two (2) years and the third class for three (3) years from the date of their appointment.

It is further provided that no member thereof shall be appointed to serve for more than two (2) terms in succession, and no member of any college or university having a medical department shall be appointed to serve as member of said board, two of which shall be homœopathic physicians.

2. Said board of medical examiners shall elect a president, secretary and treasurer; shall have a common seal. The president and secretary shall have the power to administer oaths. Said board of medical examiners shall hold meetings for examination at the capitol of this State on the first (1) Tuesday of January, April, July and October of each year, and such other meetings as said board may from time to time appoint. Said board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and locations of all institutions granting to such applicants degrees or certificates of lectures in medicine or surgery. Said register shall also show whether such applicant was rejected or licensed under this act. Said books and register shall be prima facie evidence of all the matters therein recorded.

3. All persons hereafter commencing the practice of medicine and surgery, in any of its branches in this State, shall apply to said board for a license so to do, and such applicant, at the time and place designated by said board, or at the regular meeting of said board, shall submit to an examination on the following branches, to wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicines, Practice of Medicine, Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having attended three (3) courses of lectures of at least six (6) months each; said board shall cause such examination to be both scientific and practical, but of sufficient severity to test the candidate's fitness to practice medicine and surgery. When desired, said examination may be conducted in the presence of the dean of any medical school or the president of any medical society of this State. After examination, said board shall grant a license to such applicant to practice medicine and surgery in the State of Minnesota; which said license can only be granted by the consent of not less than seven (7) members of said board, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof. The fee of such examination shall be the sum of ten (10) dollars, and shall be paid by the applicant to the treasurer of said board, to be applied by said board towards defraying the expenses thereof; and such board may refuse or revoke a license for unprofessional, dishonorable or immoral conduct. In all cases of refusal or revocation the applicant may appeal to appointing power of said board.

4. The person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the district court in and for the county where he or she resides, and said clerk of the court shall file said certificate or copy thereof, and enter a memorandum thereof, giving the date of said license and name of the person to whom the same is issued, and the date of such filing, in a book to be provided and kept for that purpose; and said clerk of the court shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of the change of location or death of a person so licensed, or of the revocation of the license granted to such person, said clerk shall enter at the appropriate places in the record so kept by him, a memorandum of said fact; so that the records so kept by said clerk of the court shall correspond with the records of said board as kept by the secretary thereof. In case a person so licensed shall move into another county of this State, he or she shall procure from the clerk of the court a certified copy of said license, and file the same with the clerk of the district court in the county to which he or she shall so remove. Said clerk shall file and enter the same with like effect as if the same was the original license.

5. This act shall not apply to commissioned surgeons of the United States army or navy, to physicians or surgeons in actual consultation from other States or Territories, or to actual medical students practicing medicine under the direct supervision of a preceptor.

6. Any person practising medicine or surgery within this State without first having obtained the license herein provided for, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty (50) nor more than one hundred (100) dollars, or by imprisonment in the county jail not less than ten (10) days, nor more than ninety (90) days, or both fines and imprisonment. Any person shall be regarded as practicing within the meaning of this act who shall append the letters "M. D." or "M. B." to his or her name, for a fee prescribe, direct or recommend for the use of any person any drug or medicine, or other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, this act shall not apply to dentists. Justices of the peace and the respective municipal courts shall have jurisdiction over violations of the provisions of this act. It shall be the duty of the respective county attorneys to prosecute violations of this act.

7. Chapter one hundred and twenty-five (125) of the General Laws of eighteen hundred and eighty-three (1883) is hereby repealed. It is however provided that all persons licensed under said act shall be taken and considered as licensed under this act. And the secretary of the board herein provided for shall enter the names of such persons upon the register so kept by him as licensed physicians and surgeons, without application or fee upon the part of the persons so licensed.

8. This act shall take effect and be in force from and after July 1st, 1887.

Approved Feb. 28, 1887.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MISSISSIPPI.

CAPITAL, JACKSON.

POPULATION, 1,131,597.

(Census of 1880.)

Males.....	567,177	Native.....	1,122,388
Females.....	564,420	Foreign.....	9,209
White.....	479,398	Chinese.....	51
Colored.....	650,291	Indians.....	1,857

Mississippi extends from 30° 20' to 35° north latitude and from 88° 12' to 91° 40' west longitude, and comprises an area of 47,156 square miles, or 30,179,840 acres. It is bounded on the north by Tennessee, on the south by Louisiana and the Gulf of Mexico, on the east by Alabama, and on the west by Arkansas and Louisiana. The northeastern is the highest part of the State, and the land slopes gently down to the south and west. The northwestern portion is generally swampy.

The principal rivers are the Mississippi, which washes the western shore, the Yazoo, Big Black Homochitto, Tombigbee, Pascagoula, Pearl and Tennessee.

The climate is warm, the winters being short and mild, the summers long and hot. The mean annual temperature as observed at Vicksburgh is 65.57°, that of the summer 80.52°, and of the winter 50.45°. The average annual rainfall is about 54 inches, ranging from 48 inches in the northwest to 64 on the gulf coast.

The soil is fertile and vegetation is luxuriant, and large forests of deciduous and southern evergreen trees cover the surface. Red hickory, holly, spicewood, dogwood, sassafras, etc., flourish on the higher grounds of the Mississippi and Yazoo bottoms, while the more swampy portions contain swamp ash, cypress, privet, etc. The northeastern portion of the State consists of rich prairie tableland. Cotton and corn form the staples.

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 1,479; capital invested, \$4,727,600; number of hands employed, 5,827; total wages paid during year, \$1,192,645; value of materials, \$4,669,658; value of products, \$7,495,802.

There are a few medicinal springs in the State.

Rate of Mortality in Mississippi, as Computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,131,597	14,583	12.89	6,022	8,561	12.56	13.12

Total number of deaths from consumption during 1880 was 1,287, which was at the rate of 1.10 per 1,000 of population, or 88.25 per 1,000 of total deaths.

MEDICAL LAWS OF MISSISSIPPI.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF MISSISSIPPI.

Be it enacted by the Legislature of the State of Mississippi:

SECTION 1. That no person shall practice medicine in the State of Mississippi unless he shall have received a license to practice, and have registered the same as hereinafter provided in this act.

2. That there shall be established boards of censors in the State of Mississippi, one board in each congressional district, whose duty it shall be to examine into the qualifications of applicants for such license.

3. That the board of censors in each district shall be composed of the two sanitary commissioners of said district; and in case the members of said board shall differ in their opinions as to the qualifications of the applicant, the record of examination hereinafter provided for shall be forwarded to the secretary of the State board of health, who shall decide between them, and issue or withhold the license as the case may be.

4. That examinations for license shall be in writing, and each board of censors in their examination for license to practice medicine shall be governed by such rules and regulations as shall be prescribed by the State board of health: *Provided*, said board shall not discrimin-

ate against any applicant on account of the system of practice he may advocate, and the State board of health shall have jurisdiction in cases of appeal from any decision of the board of censors. Any applicant for license whose application has been endorsed "unfavorable," may appeal from such decision to the State board: *Provided*, such appeal is claimed by the applicant by a notice in writing, lodged with the secretary of the State board of health within thirty days from the decision of the boards of censors. The State board shall decide such appeals on the written examination, filed with the secretary, at the meeting succeeding the filing of the notice of appeal.

5. That applicants for license under this act shall make their applications in writing, stating: 1st, his name in full; 2d, nativity and age; 3d, residence and postoffice; 4th, time spent in professional studies; 5th, physician or preceptor under whom studies were pursued, with postoffice address; 6th, courses of medical lectures attended; 7th, name of medical schools attended; 8th, if a graduate, name of college granting diploma; 9th, time spent in hospital, if any; 10th, time of practice, if any; 11th, school of practice chosen; 12th, references as to character.

6. The applicants for license shall be examined only on the following branches of medicine, viz: anatomy, chemistry, obstetrics, materia medica, physiology, pathology, surgery, hygiene.

7. That applicants for license shall deposit with their applications, each a fee of fifteen dollars and twenty-five cents, fifteen dollars of which shall be appropriated to the use of the board of censors as their remuneration, and out of which the expenses of advertising the time and place of meetings of said board of censors, as is hereinafter provided, shall be paid; and twenty-five cents of said fee shall be forwarded to the secretary of the board of health, as a fee for services hereinafter provided for.

8. That an applicant for license, whose examination proves satisfactory to the board of censors, shall have a certificate to that effect furnished him by the board of censors, which certificate shall entitle him to practice medicine in the State of Mississippi for the period of thirty (30) days from the date thereof, and it shall be the duty of the board of censors to endorse the application "favorable" or "unfavorable," as may be determined by the board of censors, and forward it, together with the record of examination, with twenty-five cents (25 cents), to the secretary of the State board of health, who shall register said application, in a book kept for that purpose, and file it for future reference.

9. That in case a "favorable" indorsement is given the application, the State board of health, through their secretary, shall forward at once, to the applicant, a license to practice medicine in the State of Mississippi, and such license shall bear upon its face all the statements that appear upon the application, and shall be signed by the secretary and sealed with the seal of the State board of health.

10. That every person holding a license to practice medicine, shall have a transcript of the same recorded in the office of the circuit clerk of the county in which he resides, in a book kept for that purpose, and the circuit clerk shall attach to said license his certificate of record, and the clerk shall be entitled to a fee of one dollar and fifty cents, to be paid by said licentiate.

11. That if a license be not presented for record within thirty days from its date, the license shall be void and of no effect.

12. That when a licensed practitioner of medicine changes his residence into a county other than that in which his license is recorded, said license must be recorded as at first in the office of the circuit clerk of the county in which he intends to reside before he can engage in the practice of medicine in his new location; a certificate of which record shall be furnished by the circuit clerk to the secretary of the State board of health, for which service the clerk shall be entitled to a fee of one dollar and sixty cents.

13. That physicians living in other States near the border of the State of Mississippi, engaged in the practice of medicine, whose practice extends into the State of Mississippi, may obtain license to practice in this State in the same manner as is required of resident physicians, said licenses to be recorded in the office of the clerks of the circuit courts in the county or counties in which they practice in this State; and this act shall not be construed so as to prevent physicians or surgeons from other States from treating cases in this State in charge of regular licentiates of this State.

14. That in case a license is lost, upon application, accompanied by a fee of ten cents, it shall be the duty of the secretary of the State board of health to issue a duplicate license in lieu of the one lost, and forward the same to said applicant.

15. That a temporary license may be granted an applicant by the State board of health through their secretary, by virtue of which a person may practice medicine; but such temporary license shall specify upon its face the time for which it is granted, and shall be void after the next regular meeting of the board of censors of the district in which the licentiate may reside; but no succeeding application for temporary license for the same person shall be entertained by the State board of health, and the secretary of the State board of health shall be entitled to a fee of twenty-five cents for each temporary license granted.

16. That for the purpose of examining applicants for license under this act, the board of censors shall hold semi-annual sessions, viz, on the first Mondays in April and October, at some convenient place near the center of the congressional district in which they reside. Thirty days' notice of said sessions shall be given by publication in one or more newspapers published in said district.

17. That every physician now practicing medicine in the State of Mississippi shall receive his license, without an examination as to qualification, from the State board of health, through their secretary, upon application for such license, accompanied by a fee of ten cents; said application to contain, under oath, the applicant's: 1st, the name in full; 2d, nativity and age; 3d, residence and postoffice; 4th, time spent in professional studies; 5th, physician or preceptor under whom studies were pursued, with postoffice address of same; 6th, courses of medical lectures attended; 7th, name of medical school attended; 8th, if a graduate, name of college granting diploma; 9th, time spent in hospital, if any; 10th, time of practice, if any;

11th, school of practice chosen ; 12th, reference as to character : *Provided*, that such application is made by the 30th day of June, 1882, and if such license shall not have been recorded or filed within thirty days after its issuance, as heretofore provided, said license shall be void and of no effect : *Provided, further*, that said license shall show that it was granted under the 17th section of this act.

18. That the secretary of State shall furnish blanks and books of record to the State board of health, and books of record to the circuit clerks of each county, ruled and lined and otherwise prepared, as may be prescribed by the State board of health as necessary for the proper enforcement of the provisions of this act.

19. That any person making false statements in his application for license shall be guilty of a misdemeanor, and on conviction thereof shall be fined in a sum of not more than twenty-five dollars; and upon proof of such conviction, the State board of health shall revoke his license, and the State board of health shall notify the circuit clerk of the county in which said license may have been recorded, of such revocation, and it shall be the duty of the circuit clerk to erase the name of said person from the record.

20. That, for the purpose of this act, the words "practice medicine" shall mean to suggest, recommend, prescribe or direct, for the use of any person, any drug, medicine, appliance or other agency, whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or other bodily injury, or any deformity, after having received, or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, profit or compensation: *Provided*, That nothing in this act shall apply to females engaged solely in the practice of midwifery.

21. That peripatetic quacks and traveling charlatans shall not be licensed to practice medicine, as provided for in the 17th section of this act.

22. That it shall be the duty of the several judges of the circuit courts to give this act in charge to the grand juries at every term of their several courts; and it shall be the duty of the circuit clerk of each county in the State to furnish a list of persons registered in their offices, under this act, to the grand jury on the first day of each of their several courts.

23. That every person or persons offending against the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof, shall, for each offense, be fined in a sum of not less than fifty nor more than five hundred dollars, or be imprisoned in the county jail not less than ten nor more than thirty days, or both such fine and imprisonment at the discretion of the court.

24. That this act shall take effect and be in force from and after its passage.

Approved February 28, 1882.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma

Liebig World Dispensary and International Medical and Surgical Institute,
301 and 303 W. Ninth St., Kansas City, Mo.

Eastern or Kansas City Division.

Pacific Coast Division.

400 Geary St., Cor. Mason St., San Francisco, Cal.

The above Incorporated Surgical Institute will council with Surgeons throughout the United States, and take charge of complicated cases, and perform Surgical Operations, managing each case in connection with the local Physician. All cases intrusted to the care of The International Surgical Institute either in Kansas City or San Francisco, will have careful attention. 103 Rooms and Wards for Patients. Skilled Nurses and every requisite for the successful Medical or Surgical treatment of the sick. Braces and Appliances of every kind manufactured in the Institute. A cordial invitation is extended to all Physicians to examine the unequalled facilities and appliances in above Institute.

Missouri is bounded on the north by Iowa, on the south by Arkansas, on the east by the Mississippi river, which separates it from Illinois, Kentucky and Tennessee, and on the west by Indian Territory, Kansas and Nebraska. It extends from 36° 30' to 40° 30' north latitude and from 89° 2' to 95° 50' west longitude, and comprise an area of 65,350 square miles, or 40,824,000 acres. The Missouri river, which bisects the State laterally, divides Missouri into two distinct parts. The surface north of the river is generally level, while that south of it is undulating, becoming rougher and more mountainous as it approaches the Ozark mountains. The Mississippi and Missouri rivers with their numerous tributaries irrigate and drain every portion of the State. The climate is subjected to great extremes, the winters being very cold and the summers long and very warm. Despite this fact, the State is considered a healthy one and is peculiarly suitable for persons suffering from consumption. The mean annual temperature as observed at St. Louis is 55.00°, that of the summer 76.12°, and that of the winter 32.90°. The average annual rainfall is about 42 inches. Missouri is neither a timber nor a prairie State, but partakes largely of the advantages of both; the northern and western portions are mainly prairie land, while southern Missouri is well supplied with timber. The Ozark mountains are covered by forests of oak, elm, lime, sycamore, maple, hickory, etc., etc. The mineral resources of the State are very great, there being metal, iron, lead and zinc, all of which are found in great quantities and are of excellent quality.

The following table shows increase in population for the past 68 years :

1820.....	66,557	1860	1,182,012
1830.....	140,455	1870.....	1,721,295
1840.....	383,702	1880....	2,168,380
1850.....	682,044	1888.....	3,216,871

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 8,592 ; capital invested, \$72,507,844 ; number of hands employed, 63,995 ; total wages paid during the year, \$24,309,716 ; value of materials, \$110,698,392 ; value of products, \$165,384,005.

Corn and wheat are the staple products, cotton is profitably grown in the southern counties, and stock raising is one of the important industries of Missouri.

There are several mineral springs in the State.

The medical colleges in the State are the Missouri Medical College, Medical Department of the University of the State of Missouri, Section No. 2, St. Louis ; St. Louis Medical College, St. Louis ; Medical Department, University of the State of Missouri, Section No. 1, at Columbia ; the Homœopathic Medical College of Missouri, St. Louis ; Kansas City Medical College, Kansas City ; St. Louis College of Physicians and Surgeons, St. Louis ; American Medical College, St. Louis ; Northwestern Medical College, St. Joseph ; University of Kansas City, Medical Department, Kansas City ; Ensworth Medical College ; Beaumont Hospital Medical College, St. Louis ; and Kansas City Homœopathic Medical College.

Rate of Mortality in Missouri, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
2,168,380	36,615	16.89	33,649	2,966	16.63	20.37

Total number of deaths from consumption during 1880 was 3,604, which was at the rate of 1.60 per 1,000 of population, or 98.42 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

Alexian Brothers' Hospital and Insane Asylum—Capacity, 225. Established, 1870. 3941 S. Broadway, St. Louis. In charge of Alexian Brothers.

MEDICAL LAWS OF MISSOURI.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF MISSOURI.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION 1. Every person practicing medicine and surgery, in any of their departments, shall possess the qualifications required by this act. If a graduate of medicine, he shall present his diploma to the State board of health for verification as to its genuineness. If the diploma is found to be genuine, and the person named therein be the person claiming and presenting the same, the State board of health shall issue its certificate to that effect, signed by at least five of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

2. The State board of health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing, of whatever school or system of medicine; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates. *Provided*, that nothing in this act shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine.

3. Said State board of health shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the State board of health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma; the verification of the diploma shall consist in the affidavit of the holder and applicant; that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the State board of health shall issue a certificate as though the owner of the diploma was present.

4. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri.

5. Every person holding a certificate from the State board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be indorsed thereon; any person removing to another county to practice medicine and surgery, shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record.

MISSOURI MEDICAL COLLEGE.

COVENANT MUTUAL

ORGANIZED
1853.

CHARTER
PERPETUAL.

Life Insurance Co. of St. Louis

OFFICE, ROOMS 205 and 206 ODD FELLOWS' HALL,
Southeast Cor. 9th and Olive Sts., ST. LOUIS, MO.

The new LIFE RATE ENDOWMENT POLICY now issued by this Company matures at a definite period, and is incontestable after three years. On the back of policy is a table showing the amount of paid-up insurance, term of extension or cash surrender value to which the holder is entitled in case of lapse. The policy is as definite and liberal as can be made. There is nothing speculative about the plan, and whatever it promises will be realized.

Policies also issued on all the well-tested and approved plans of life, endowment and term insurance. All policies are free from restrictions as to residence, travel or occupation, and, except term policies, are non-forfeiting after the payment of two years' premiums; the conditions being plainly printed and clearly expressed.

Upon all policies issued by the Company the State Superintendent of Insurance places the following official certificate: .

"This Policy is registered and secured by pledge of Bonds or Deeds of Trust on Real Estate Deposited with this Department,"

Thereby giving to policy-holders security similar to that of the national bank notes. THE COVENANT is the only Company that makes deposit with this State covering its entire liability to its policy-holders.

Thirty-six years' experience and a record without reproach.

Payment of ONE policy ONLY contested.

Examine its merits before insuring. Circulars and information furnished upon application at home office.

Good Solicitors wanted at every point in Missouri where the Company is not now represented. To the right men liberal compensation will be paid.

Write to J. W. FARRAR, Room 908 Royal Insurance Building, Chicago, Ill., for Circular of the PHYSICIANS, DENTISTS & DRUGGISTS' CO-OPERATIVE LIFE INSURANCE ASSOCIATION. (See Adv. on Page 10.)

6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

7. [Providing for the payment of an examination fee of five dollars was amended by the striking out the entire section.]

8. Examinations may be made in whole or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. The board of health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board.

10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.;" but nothing in this act shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this act shall not apply to commissioned surgeons of the United States army, navy and marine hospital service.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided by law, as all other licenses are now collected, and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars (\$500), or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

12. Any person practicing medicine or surgery in this State, without complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, or by both such fine and imprisonment for each and every offense; and any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this bill: *Provided*, that the provisions of this act shall not apply to those that have been practicing medicine five years in this State.

13. Whenever in this act it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services.

14. All acts and parts of acts inconsistent with this act are hereby repealed.

Went into effect July, 1883.

The act providing for a State board of health also became a law July 1, 1883, and the board has been appointed. By sec. 8 of this act, physicians, surgeons and accoucheurs are required, under a penalty of ten dollars, to report all births and deaths which may occur under their supervision.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

JUST OUT. Our handsome Book, **RESEARCHES IN ELECTRO-ALLOTROPIC PHYSIOLOGY**, containing many valuable abstracts on **ELECTRO THERAPEUTICS**, mailed free to those who mention the Medical and Surgical Register of U.S. Address Jerome Kidder M'fg Co., 820 Broadway, New York. (See p.1051.)

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MONTANA.

CAPITAL, HELENA.

POPULATION OF STATE, 39,159.

(Census of 1880.)

Males	28,177	Native.....	27,638
Females.....	10,982	Foreign.....	11,521
White.....	35,385	Chinese.....	1,765
Colored.....	346	Indians.....	1,663

The territory of Montana extends from 104° to 116° west longitude, and from 44° 25' to 49° north latitude, and is bounded on the north by the British Possessions, on the south by Idaho and Wyoming Territories, on the west by Idaho, and on the east by Dakota. It contains an area of 143,776 square miles, or 92,016,640 acres.

The western portion of the Territory is mountainous and the eastern is a vast rolling table land. The principal range of the Rocky mountains extends along the southwestern boundary of the Territory, and the scenery in many parts is grand

and picturesque. Besides the two great rivers, the Missouri and the Columbia, which have their sources in Montana, there are a number of other noble streams in the Territory, notably, the Yellowstone, Jefferson, Madison, Musselshell, Galatin and Deer Lodge rivers.

The climate is milder than the latitude and elevation would seem to indicate, the mean annual temperature as observed at Helena being 43.04°, that of the summer 70.28°, and of the winter 19.16° The mountains are covered with forests of coniferous trees. Gold and silver are mined extensively, the annual output being very large As a grazing region Montana is unsurpassed, and the river bottoms are exceedingly fertile and all the cereals grow luxuriantly. Game of all sorts abound, and the rivers are well stocked with fish.

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 196 ; capital invested, \$899,390 ; number of hands employed, 578 ; total wages paid during year, \$318,759 ; value of materials, \$1,006,442 ; value of products, \$1,835,867.

Rate of Mortality in Montana, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
39,159	336	8.58	297	39	8.39	10.33

Total number of deaths from consumption during '1880 was 19, which was at the rate of 40 per 1,000 of population, or 56.54 per 1,000 of total deaths.

Medical Association of Montana—Secretary, J. W. Gunn, Butte City.

MEDICAL LAWS OF MONTANA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF MONTANA. AND TO PROVIDE FOR THE EXAMINATION AND ISSUING OF CERTIFICATES TO PERSONS DESIROUS OF PRACTICING THE SAME, AND FOR THE PUNISHMENT OF PERSONS VIOLATING THE PROVISIONS OF THIS ACT

Be it enacted by the Legislative Assembly of the Territory of Montana.

SECTION 1. That the Governor, with the advice and consent of the council, shall appoint seven learned, skilled and capable physicians, who shall have been residents of the Territory of Montana for not less than two years preceding their appointment, not more than two of whom shall be from the same county, who shall constitute the board of examiners for the purpose of this act. The physicians so appointed shall hold their respective offices for seven years. *Provided*, That the terms in office of the seven first appointed shall be so arranged that the term of one shall expire on the 31st day of December of each year, and the vacancies so created, as well as all vacancies occurring otherwise, shall be filled by the Governor by the advice and consent of the council; and provided also, that appointments made when the council is not in session shall take effect immediately and may be confirmed at the next ensuing session.

2. Said board of medical examiners shall elect from among their own number a president, secretary and treasurer, annually, and shall have a common seal. Four members of said board shall constitute a quorum. The president and secretary shall have power to administer oaths in examination of applicants for certificates and to witnesses called before the board in the transaction of business, under the provisions of this act. Said board of examiners shall hold meetings for examination at the capital of this Territory, and such other central points within the Territory as the board may elect, on the first Tuesdays of April and October of such year, and at such other times as the board may determine. The first meeting of said board shall be held in Helena on the first Tuesday in April, 1889; said board shall keep a record of all proceedings thereof, and also a record or register of all applicants for a certificate, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting to such applicants, degrees or certificates of lectures in medicine and surgery; said register shall also show whether such applicant was rejected, or received a certificate under this act, said books and register shall be *prima facie* evidence of all the matters therein recorded.

3. That every person wishing to practice medicine or surgery in any of their departments within this Territory, shall do so only upon complying with the requirements of this act. If a graduate in medicine, such person shall present his or her diploma to the Territorial Board of Examiners, for verification as to its genuineness. If the diploma is found genuine, and is issued by a medical school legally organized and in good standing, whose teachers are graduates of a legally organized school, which facts the territorial board of examiners shall determine, and if the person presenting and claiming such diploma be the person to whom the same was originally granted, then the Territorial Board of Examiners shall issue its certificate to that effect and such certificate shall be conclusive as to the right of the lawful holder thereof, to practice medicine and surgery within this territory, and any person coming to the Territory may present his or her diploma to any member of the board of examiners who may issue a certificate good until the next regular meeting of the board. If not a graduate, the person practicing medicine

or surgery within this Territory, unless he or she shall have been in continuous practice in this territory, for a period of not less than ten years, of which fact he or she shall present to the Territorial board of examiners satisfactory evidence of the same in the form of affidavits, shall appear before said Territorial Board of Examiners and submit to such examination as may be required.

4. All persons entitled to practice under the ten years provision mentioned in section three of this act, and all persons hereafter commencing the practice of medicine and surgery in any of its branches in the Territory, shall apply to said board for a certificate so to do, and such applicant at the time and place designated by said board or at the regular meeting of said board, shall submit to an examination in the following branches, to wit: Anatomy, Physiology, Chemistry, Histology, Materia Medica, Therapeutics, Preventive Medicines, Practice of Medicine and Surgery, Obstetrics, Diseases of Women and Children, Diseases of the Nervous System, Diseases of the Eye and Ear, Medical Jurisprudence, and such other branches as the board shall deem advisable, and present evidence of having practiced the required term of ten years, or of having attended three (3) courses of lectures of at least four (4) months each; said board shall cause such examination to be both scientific and practical, but of sufficient thoroughness and severity to test the candidate's fitness to practice medicine and surgery; when desired, said examination may be conducted in the presence of the Dean of any medical school or the President of any medical society of this Territory. After examination, said board shall, if the candidate has been found qualified, grant a certificate to such candidate to practice medicine and surgery in the Territory of Montana, which said certificate can only be granted by the consent of not less than four (4) members of said board, and which said certificate shall be signed by the President and Secretary of said board and attested by the seal thereof. The fee of such examination shall be the sum of fifteen (15) dollars, and shall be paid by the applicant to the Treasurer of said board, to be applied by said board towards defraying the expenses thereof; and such board may refuse or revoke a certificate for unprofessional, dishonorable, or immoral conduct, or refuse a certificate to any one who may publicly profess to cure, or treat diseases, injury or deformity in such a manner as to deceive the public. In all cases of refusal or revocation, the applicant, if he or she feels aggrieved, may appeal to the district court of the County where such applicant may have applied for a certificate.

5. Every person holding a certificate issued by said board shall within sixty days after the date thereof, have the same recorded in the office of the County Recorder in the county wherein he or she resides, or should he or she remove from one county to another to practice medicine or surgery, his or her certificate must be recorded in the county to which he or she removes. The County Recorder shall endorse upon the certificate the date of record, and he shall be entitled to charge and receive his usual fees for such services, the fee to be paid by the applicant.

6. This act shall not apply to midwives of skill and experience attending causes of confinement, nor to commissioned surgeons of the United States army or navy in the discharge of their official duties, nor to physicians or surgeons in actual consultation from other States and Territories, nor to students practising medicine under the direct supervision of a preceptor, nor to gratuitous services in cases of emergency.

7. Any person practicing medicine or surgery within this Territory, without first having obtained the certificate to practice herein provided for, or contrary to the provisions of this act, after the expiration of sixty days after this act takes effect, shall, for each violation of the provisions of this act, be deemed guilty of a misdemeanor, and, upon conviction, shall be fined not more than five hundred (500) nor less than one hundred (100) dollars, or by imprisonment in the county jail for not more than (90) days, nor less than thirty (30) days, or by both such fine and imprisonment, as the court may determine. Any person shall be regarded as practicing within the meaning of this act, who shall append the letters "M. D.," or "M. B.," to his or her name for a fee for prescribing medicine, operating in surgery, attending in obstetrics, recommending for the use of any sick person the use of any drug or medicine, or other agency of treatment, cure or relief of any wound, fracture or bodily injury of disease, as a physician or surgeon; provided, however, that this act shall not apply to dentists practicing dentistry. The Probate courts of the several counties of this Territory shall have jurisdiction over violations of the provisions of this act.

It shall be the duty of the respective county attorneys to prosecute violations of this act, and for each conviction had for violation hereof, the county attorney prosecuting shall receive a fee of five (5) dollars, to be taxed as costs in addition to the fees now allowed him by law.

8. Candidates for examination shall pay in advance to the Secretary of the Territorial Board of Examiners a fee of fifteen (15) dollars, which fee shall defray the entire expenses of the aforesaid board of examination. Anyone failing to pass the required examination, shall be entitled to a second examination within six months, without fee.

9. Each member of the board is hereby allowed the sum of five (5) dollars per day and mileage while in the active and necessary discharge of his duties. And such expenses shall be paid out of the fees so paid in.

10. All acts and parts of acts in conflict with this act, now in effect, are hereby repealed.

11. This act shall take effect and be in force from and after its passage.

Approved February 28th, 1889.

Nebraska extends from 40° to 43° north latitude, and from 95° 13' to 104° west longitude, and is bounded on the north by Dakota, on the south by Kansas and Colorado, on the east by Iowa and Missouri, and on the west by Colorado and Wyoming Territory. It comprises an area of 75,995 square miles, or 48,636,800 acres. The surface is level or gently undulating, and the soil, especially in the river bottoms, is extremely fertile and productive. The State is fairly well timbered, forests of deciduous trees being found in the valleys. The uplands are specially adapted for stock raising and wool growing. The principal rivers are the Missouri, which forms part of the northern and all the eastern boundary, the Niobrara, and the Nebraska or Platte. The climate is salubrious, the mean annual temperature as observed at Omaha being 49.28°, that of the summer 74.26°, and that of the winter 23.36°. The average annual rainfall is about 26 inches. Coal, salt, iron, gypsum, alum, sand and limestone constitute the mineral wealth of Nebraska, and wheat, corn and oats are the agricultural staples.

The following table shows increase in population from 1860 to 1885:

1860.....	28,841	1880.....	452,402
1870.....	122,993	1885.....	740,645

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 1,403; capital invested, \$4,881,150; number of hands employed, 4,793; total wages paid during the year, \$1,743,311; value of materials, \$8,208,478; value of products, \$12,627,336.

There is one medical college in Nebraska, the Omaha Medical College, Omaha. The public school system is excellent, Nebraska possessing more and better schools than any State of its age.

Rate of Mortality in Nebraska, as computed from the U. S. Census of 1880.

Populatio n	Deaths in 1880.	Rate per 1,000.	White	Colored	Rate per 1,000, White.	Rate per 1,000, Colored.
452,402	5,930	13.11	5,875	55	13.06	20.84

Total number of deaths from consumption during 1880 was 522, which was at the rate of 90 per 1,000 of population, or 88.02 per 1,000 of total deaths.

MEDICAL LAWS OF NEBRASKA.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF NEBRASKA.

Be it enacted by the Legislature of the State of Nebraska :

SECTION 1. It shall be unlawful for any person to practice medicine, surgery or obstetrics, or any of the branches thereof, in this State, without first having complied with the provisions of this act relating to registration ; and no person practicing medicine, surgery or obstetrics, or any part of the branches thereof, shall be entitled to registration unless possessed of the qualifications required by section 4 of this act.

DR. THAYER'S LYING-IN INSTITUTE,

57 Walton Avenue, FT. WAYNE, IND. (See Adv., Page 1249.)

Nebraska.

MEDICAL AND SURGICAL

Nebraska.

2. It shall be the duty of all persons claiming to be physicians and surgeons, and intending to practice medicine, surgery or obstetrics in the State of Nebraska, before beginning the practice thereof, or any of the branches thereof, to register as a physician, by filing with the county clerk of the county in which he or she resides, or in which he or she intends to practice, a statement, in writing, under oath or affirmation, giving his or her full name, age, place of birth, place of residence, place of business, and the time he or she has practiced medicine, and when and where he or she has so practiced, and the time of such practice in each place, and if he or she is or has been a member of any medical society or societies, the name and location of such society or societies, and if he or she is a graduate of any medical college or university. Such statement shall be filed by the county clerk, and by him recorded in a book to be kept for that purpose, to be called the "Physicians' Register."

3. Whoever shall knowingly make any false statement or statements in the statement mentioned in sec. 2 of this act, shall be deemed guilty of a felony, and, upon conviction thereof, shall be subject to the same penalties which attach to the crime of perjury, under the laws of the State of Nebraska.

4. [An amendment to the original act passed in February, 1883.] No person shall be entitled to registration as a physician or surgeon under the provisions of this act, or to practice medicine, surgery or obstetrics, or any branch thereof, in this State, unless he or she shall be possessed of one of the qualifications named in this section, as follows:

First, A graduate of legally chartered medical college or institution having authority to grant the degree of Doctor of Medicine; or

Second, Persons who can show evidence that they have passed a satisfactory examination before medical boards of other States, created for the purpose of such examination, and all surgeons and assistant surgeons who were commissioned and served as such in the late war of the rebellion; or

Third, A person who shall have, at the time this act takes effect, attended one course of lectures in a legally chartered medical college or institution having authority to confer the degree of Doctor of Medicine, and practiced medicine continually for three (3) years, the last one year of which practice shall have been in this State; or

Fourth, A person who shall have been, at the time of the taking effect of this act engaged in the practice of medicine, surgery or obstetrics for a livelihood, for a period of ten years, the last two years of which practice has been in this State: *Provided*, that no person not a resident of this State at the time this act takes effect, who has not received the degree of Doctor of Medicine from a legally chartered medical college or institution having authority to grant the same, shall be admitted to registration under this act, or authorized to practice medicine, surgery or obstetrics in this State.

5. It shall be the duty of the county clerk in each county of this State to provide, and keep in his said office as a public record, a book to be entitled "The Physicians' Register," in which book the clerk shall record the statement named in section two of this act, and properly index the same, and for filing, recording and making transcripts of such statements, the clerk shall be entitled to the same fees as allowed by law for like services as to conveyances of real estate.

6. Any person who shall have filed the statement required by section two of this act, in one county, and shall remove to another county, shall, before entering upon the practice of his profession in such last named county, procure a certified copy of the record of his former registry, and cause such transcript to be filed and recorded in the physicians' register of such county in which he has removed.

7. Certified copies of the record of such statements or transcripts shall be received in evidence in all courts instead of the original statement filed with the county clerk.

8. No person shall recover, in any court of this State, any sum of money whatever for any medical, surgical or obstetrical services, unless he shall have complied with the provisions of this act relating to registration, and is one of the persons authorized by this act to be registered as a physician.

9. Any person, not possessing the qualifications for the practice of medicine, surgery or obstetrics required by the provisions of section four of this act, or any person who has not complied with the provisions of section two of this act as to registration, who shall engage in the practice of medicine, surgery or obstetrics, or any of the branches thereof, in the State, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be fined in any sum not less than twenty dollars nor more than one hundred dollars, and costs of prosecution, for each offense, and shall stand committed until such fine and costs are paid.

10. A person shall be regarded as practicing medicine within the meaning of this act, who shall publicly profess to be a physician, surgeon or obstetrician, or prescribe for the sick. But nothing in this act shall be construed to prohibit students from practicing under the supervision of a registered preceptor, or to prohibit gratuitous services in cases of emergency, and this act shall not apply to commissioned surgeons in the United States army and navy.

11. Any itinerant vender, who is not qualified as hereinbefore provided, of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of any disease or injury, or shall, by writing, printing or any other method except by ordinary professional card or sign, publicly profess to cure or heal disease, injury or deformity, by any drug or nostrum, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars, or be imprisoned in the county jail for a period of not less than thirty days nor more than three months, or both, in the discretion of the court, for each offense.

Approved March 3, 1881. Took effect June 1, 1881.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

Write to **J. W. FARRAR**, Room 908 Royal Insurance Building, Chicago, Ill., for Circular or
J. MANAGER, the PHYSICIANS, DENTISTS & DRUGGISTS' CO OPERATIVE
LIFE INSURANCE ASSOCIATION. (See Adv. on Page 10.)

The postoffice address is shown in **Di-play Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

NEVADA.

CAPITAL, CARSON CITY.

POPULATION OF STATE, 62,266.

(Census of 1880.)

Males.....	42,019	Native.....	36,613
Females.....	20,247	Foreign.....	25,653
White.....	53,556	Chinese.....	5,419
Colored.....	488	Indians.....	2,803

Nevada extends from 114° to 120° West longitude, and from 35° to 42° North latitude, and is bounded on the north by Oregon and Idaho, on the southwest and west by California, and on the east by Utah and Arizona. It comprises an area of 109,740 square miles or 70,233,609 acres. The surface generally is a lofty table land, traversed by nearly parallel mountain ranges. The largest rivers of Nevada are the Colorado, Humboldt, Truckee, Quimis and Reese. The climate is subject to great extremes, the winters being very cold, the summers hot. The atmosphere is dry, with but little rain or snow. The mean annual temperature is 54.13°; that of the summer 75.18° and of the winter 34.55° Stock raising is carried on extensively, as is also wool growing. Nevada is pre eminently a mining State, the output of gold and silver being enormous. The soil when irrigated is fertile.

The following table shows increase in population for 10 years :

1870.....	42,491	1880.....	62,266
-----------	--------	-----------	--------

The census of manufacturers for 1880 shows the number of establishments in operation at that time to have been 184; capital invested, \$1,323,300; number of hands employed, 577; total wages paid during the year, 461,807; value of materials, \$1,049,794; value of products, \$2,179,626.

The State contains many medicinal springs.

Rate of Mortality in Nevada, as Computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
62,266	728	11.69	680	48	12.69	5.51

Total number of deaths from consumption during 1880 was 46, which was at the rate of .90 per 1,000 of population, or 63.18 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

Sisters' Hospital--Virginia City.*

MEDICAL LAWS OF NEVADA.

AN ACT TO PREVENT THE PRACTICE OF MEDICINE AND SURGERY BY UNQUALIFIED PERSONS.

The People of the State of Nevada, represented in Senate and Assembly, do enact follows:

SECTION 1. No person shall practice medicine or surgery in this State who has not received a medical education and a diploma from some regularly chartered medical school, said school to have a *bona fide* existence at the time when said diploma was granted.

2. Every physician or surgeon, when about to take up his residence in this State, or who now resides here, shall file for record with the county recorder of the county in which he is about to practice his profession, or where he now practices it, a copy of his diploma, at the same time exhibiting the original, or a certificate from the dean of the medical school of which he is a graduate, certifying to his graduation.

3. Every physician or surgeon, when filing a copy of his diploma or certificate of graduation, as required by section 2 of this act, shall be identified as the person named in the papers about to be filed, either by affidavit of two citizens of the county or by his affidavit taken before a notary public or commissioner of deeds for this State, which affidavit shall be filed in the office of the county recorder.

4. Any person practicing medicine or surgery in this State without complying with sections one, two and three of this act, shall be punished by a fine of not less than fifty dollars (\$50), nor more than five hundred dollars (\$500), or by imprisonment in the county jail for a period of not less than thirty (30) days nor more than six (6) months, or by both fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of graduation of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction, shall be subject to such fine and imprisonment as is made and provided by the statutes of this State for said offense.

5. It shall be the duty of the police, sheriff or constable to arrest all persons practicing medicine or surgery in this State who have not complied with the provisions of this act, and the officer making the arrest shall be entitled to one-half of the fine collected.

6. No portion of this act shall apply to any person who, in an emergency, may prescribe or give advice in medicine or surgery in a township where no physician resides, or where no physician resides within convenient distance; nor to those who have practiced medicine and surgery in this State for a period of ten years next preceding the passage of this act, nor to persons prescribing in their own family.

7. This act shall go into force sixty (60) days after its final passage.

Approved January 28, 1875.

The following supreme court decisions relating to the above act are given in the digest of Nevada Reports and Lawyer's Circuit Court Reports (page 297, 1878).

1. Act to prevent the practice of medicine and surgery by unqualified persons constitutional. In constructing section 6 of said act, which provides that it shall not apply "to those who have practiced medicine or surgery in this State for a period of ten years next preceding the passage of this act," held that said provision is not in violation of section 21 of art. iv. of the State constitution. 10 Nev. 323.

2. *Idem*--How far constitutional. Held, that there is some reason for requiring ten years' practice in this State as a qualification for the continued practice of medicine and surgery; but there is no sort of reason for requiring that practice to have extended over the particular ten years *immediately* preceding the enactment of the law, and to this extent the law is unconstitutional, because in violation of the fourteenth amendment to the federal constitution; but omitting the words "next preceding the passage of this act," leaves a good and perfect statute. (By Beatty, J.)

3. *Idem*. Held, that said section is not in conflict with any of the provisions of the State or federal constitutions: (By Hawley, C. J.)

C H E K E N .

(MYRTUS CHEKEN.)

A Valuable Adjuvant in the Treatment of Chronic Bronchial Affec-
tions of an Inflammatory or Catarrhal Nature.

This plant, indigenous to Chili, was introduced to the profession by Dr. Murrell, the famous English therapist, and collaborator of Ringer. Dr. Murrell found Cheken to be of great value in chronic cough, especially in the "winter cough" of elderly people.

An extensive trial of this remedy has not only confirmed Dr. Murrell's observations but has widened the range of the therapeutic application of Cheken, so that at the present time it is looked upon, on account of its alterative and demulcent properties, as an indis- pensable addition to "cough mixtures," particularly in those intractable cases of long standing which have assumed a sub-acute or chronic course. The dose of the fluid extract which we manufacture is from one to two fluid drachms.

Send for Working Bulletin, containing a scientific history of the plant and clinical reports of its application in medical practice.

PARKE, DAVIS & CO.,
DETROIT AND NEW YORK.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

NEW HAMPSHIRE.

CAPITAL, CONCORD.

POPULATION, 346,991.

(Census of 1880.)

Males	170,526	Native.....	300,697
Females.....	176,465	Foreign.....	46,294
White.....	346,229	Chinese	14
Colored	685	Indians	63

New Hampshire is bounded on the north by Canada, on the south by Massachusetts, on the east by Maine and the Atlantic ocean, and on the west by Vermont, and extends from 42° 41' to 45° 11' north latitude, and from 70° 40' to 72° 28' west longitude. It comprises an area of 9,280 square miles, or 5,939,200 acres. The surface is mountainous with the exception of a tract of low level land some 30 miles wide extending along the 18 miles of sea coast. The principal rivers of New Hampshire are the Connecticut, Merrimac, Piscataqua, Saco and Androscoggin. The State is well timbered and forests of oak, pine, beech, birch, sugar maple, etc., cover the mountains and the northern counties, while the rivers are fringed with sycamore and willow. Wild animals are still found in the unsettled portions of the State. Iron, lead, silver, zinc and copper constitute the mineral wealth of New Hampshire. Granite, marble and soapstone quarries abound. Corn, oats and potatoes are the staple agricultural products.

The following table shows the increase in population for 60 years :

1820	244,022	1860.	326,073
1830	269,328	1870	318,300
1840	284,574	1880	346,991
1850	317,976		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 3,181; capital invested, \$51,112,263; number of hands employed, 48,831; total wages paid during year, \$14,814,793; value of materials, \$43,552,462; value of products, \$73,978,028.

There are several medicinal springs in the State.

Dartmouth College Medical Department, at Hanover, and Department of Medicine University of New Hampshire, at Nashua, are the medical colleges in New Hampshire.

Rate of Mortality in New Hampshire, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000, Colored.
346,991	5,584	16.09	5,570	14	16.08	18.57

The total number of deaths from consumption during 1880 was 314, which was at the rate of 2.50 per 1,000 of population, or 56.23 per 1,000 of total deaths.

Portsmouth Medical Association—Secretary, Nicholas L. Folsom, Portsmouth.

Rockingham District Medical Society—Secretary, A. C. Buswell, Epping.

Strafford District Medical Association.*

White Mountain Medical Association—Secretary, C. R. Gibson, Woodsville.

MEDICAL LAWS OF NEW HAMPSHIRE.

GENERAL LAWS RELATING TO THE PRACTICE OF MEDICINE, SURGERY AND DENTISTRY.

SECTION 1. It shall not be lawful for any person to practice medicine, surgery or midwifery, unless such person shall have obtained a license from some medical society organized under the laws of this State, stating that he is qualified in the branches of the medical profession named in said license.

2. Every medical society, organized under the laws of this State, shall, at such time and in such manner as may be prescribed in its charter or by-laws, elect a board of censors, consisting

of three members, who shall be elected for such term as may be prescribed in said charter or by-laws, which board shall have authority to examine and license persons to practice medicine, surgery or midwifery. The board shall issue licenses without examination to all persons who furnish evidence by diploma from some medical school authorized to confer degrees in medicine and surgery, when said board is satisfied that the person presenting such diploma has obtained it after pursuing some prescribed course of study and upon due examination. Said board shall also have power, upon due notice and hearing, to revoke any license granted by said board when improperly obtained, or when the holder has, by conviction for crime, or any other cause, ceased to be worthy of public confidence. Such license or revocation shall be recorded by the clerk of said medical society.

3. It shall not be lawful for any person, who is not duly authorized to practice medicine or surgery, to practice dentistry unless such person has received a dental degree from some college, university or medical school authorized to confer the same, or shall have obtained a license from the New Hampshire dental society.

4. Said dental society shall, at such time and in such manner as may be prescribed in its charter or by-laws, elect a board of censors, consisting of three members, who shall be elected for such term as may be prescribed by the society, which board shall have authority to examine and license persons to practice dentistry. The license shall be recorded by the clerk of said society.

5. No person receiving a license as herein provided shall be authorized to practice until he shall have procured the same to be recorded by the clerk of the court in the county where he resides, if a resident of this State; if not a resident of this State, in the county where he intends to practice. Such licenses shall be recorded in a book provided for that purpose, and which shall bear the title and inscription of the medical and dental register of ——— county, and the fee for recording the same shall be fifty cents.

6. Each person receiving a license upon examination shall pay, for the use of the society granting the same, the sum of five dollars; upon diploma, one dollar.

7. If any person shall practice medicine, surgery, midwifery or dentistry without being duly authorized as provided in this chapter, or after his license is revoked, he shall be punished by fine of not more than three hundred dollars for each offense.

8. The provisions of the preceding sections shall not apply to persons who have resided and practiced their profession in the town or city of their present residence during all the time since January first, eighteen hundred and seventy-five, nor to physicians residing out of the State, when called into the State for consultation with duly licensed physicians, or to attend upon patients in the regular course of their business.

NEW JERSEY.

CAPITAL, TRENTON.

POPULATION OF STATE, 1,278,033.

(Census of 1885.)

POPULATION, 1880, 1,131,116. Increase, per cent., 12.99.

Males.....	559,922	Native.....	909,416
Females.....	571,194	Foreign	221,700
White.	1,092,017	Chinese.....	172
Colored.....	38,853	Indians.....	74

New Jersey extends from 38° 56' to 41° 30' north latitude, and from 73° 55' to 75° 32' west longitude, and is bounded on the north by New York, on the south by Delaware bay, on the east by the Atlantic ocean, and on the west by Pennsyl-

vania. It comprises an area of 7,576 square miles, or 4,848,640 acres. The northern portion of the State is mountainous, the central hilly, and the southern level or gently undulating.

The rivers which drain New Jersey are the Hudson, Delaware, Hackensack, Passaic and Raritan, besides many smaller streams.

The climate is mild, being tempered by the vicinity of the ocean. The mean annual temperature, as observed at Newark during a period of 24 years, was 50.50°; that of the summer 70 35°, and of the winter 30.75° The average annual rainfall is about 45 inches.

The State is still well timbered with oak, hickory, cedar, pine, walnut, etc. Its iron mines, quarries and clay banks are very valuable, and its fisheries (deep sea, oyster and fresh water) are a source of great profit. It has a large coasting trade, and considerable ship-building is carried on.

The following table shows increase in population for 65 years :

1820.....	277,426	1860	672,035
1830.....	320,823	1870.....	906,096
1840.....	373,306	1880....	1,131,116
1850.....	489,555	1885.....	1,278,033

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 7,128; capital invested, \$106,226,593; number of hands employed, 126,038; total wages paid during the year, \$46,083,045; value of materials, \$165,280,179 ; value of products, \$254,375,236.

Its agricultural products, including market garden produce, are very extensive.

There is one medical college in the State, the Medical and Surgical College of the State of New Jersey, at Jersey City.

Rate of Mortality in New Jersey, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000 White.	Rate per 1,000 Colored.
1,131,116	18,474	16.33	17,685	789	16.19	20.17

Total number of deaths from consumption during 1880 was 1,648, which was at the rate of 2.30 per 1,000 of population, or 89.20 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

Camden City Dispensary—Established, 1866. 46 N. 3d, Camden. Physician-in-charge, Howard F. Palm.

Camden Homœopathic Hospital and Dispensary Association—Capacity, 20. Established, 1885. S. E. cor. West and Stevens, Camden. Physician-in-charge, S. Bryan Smith, M. D. Matron, Mary A. Watson.

Central Dispensary—Established, 1881. 340 Grove, Jersey City. Consulting physician and surgeon, Dr. L. J. Gordon.

Children's Sea Shore House for Invalid Children—Capacity, 100. Established, 1872. Ohio ave., Atlantic City. Physician-in-charge, Dr. Wm. H. Bennett. Matron, Mrs. L. F. Bullard.

Christ Hospital—Capacity, 40. Established, 1874. 178 Magnolia ave., Jersey City. Physician-in charge, A. D. De Long, M. D. Matron, Miss A. Mali.

Cooper Hospital—Capacity, 100. Established, 1887. 6th and Stevens, Camden. Resident physicians, Burr W. Macfarland, Henry Jarrett. Matron, Mrs. Wilson.

Dispensary for Women and Children—Established, 1871. Henderson and Wayne, Jersey City. Physician-in-charge, Dr. Sarah E. De Hart Fernald.

East Orange Dispensary Association—Established, 1883. 4 Washington, Orange. Attending staff of physicians and surgeons.

Elizabeth General Hospital and Dispensary—Capacity, 28. Established, 1880. 18 and 20 Jacques, Elizabeth. Physician-in-charge, Charles F. Perry, M. D. Matron, Mrs. M. L. Thompson.

Essex County Asylum for the Insane—Capacity, 600. Established, 1872. 425 S. Orange ave., Newark. Superintendent, L. S. Hinckley, M. D. Matron, Mrs. R. L. Ball.

Fairview Sanitarium—468 Rutherford ave., Trenton. Medical director, Dr. H. M. Weeks.

Friends' Asylum for Insane—Frankfort.*

Hackensack Hospital—Capacity, 20. Established, 1888. 2d, Hackensack. Consulting physicians, Fordyce Barker, M. D.; Edward G. Janeway, M. D.; Abm. Jacobi, M. D. Consulting surgeons, Joseph D. Bryant, M. D.; Robert Newman, M. D.; Lewis H. Sayre, M. D. Consulting gynæcologist, W. Gill Wyllie, M. D. Consulting oculist, David Webster, M. D. Consulting neurologist, J. Leonard Corning, M. D. Resident physician, R. G. Wilson. Matron, Miss M. E. Livingstone.

Home for the Blind—Capacity, 27. Established, 1885. 1 Dey, Jersey City. Physician-in-charge, Dr. Lemuel G. Goode. Matron, Sister M. Rosalie.

Homœopathic Dispensary—Established, 1889. 87 Bloomfield, Hoboken. Physicians-in-charge, Dr. Matilda H. Aldridge, Dr. Jennie Newell.

Homœopathic Dispensary—Established, 1887. 47 Oakland ave., Jersey City. Physicians-in-charge, Matilda H. Aldridge, M. D.; Jennie Newell, M. D.; A. S. Grinnell, M. D.

Homœopathic Hospital—Brunswick ave., near limits, Trenton.*

Hospital of St. Barnabas—Capacity, 80. Established, 1870. Cor. High and Montgomery, Newark. Five attending physicians. In charge of the Sisters of St. Margaret.

Hospital for Women and Children—Capacity, 11. Established, 1881. 228 S. Orange ave., Newark. Physician-in-charge, John M. Rand, M. D. Matron, Mrs. H. J. Saunier.

Hudson County Lunatic Asylum—Capacity, 261. Established, 1873. Snake Hill, Jersey City. Physician-in-charge, George W. King. Matron, Bessie Robinson.

MEDICAL LAWS OF NEW JERSEY.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY, APPROVED MARCH 12, 1880.

SECTION 1. That every person practicing medicine or surgery in this State, in any of their branches, for gain, or who shall receive or accept for his or her services any fee or reward, either directly or indirectly, shall be a graduate of some legally chartered medical college or university in good standing, or some medical society having power by law to grant diplomas; and such person, before entering upon said practice, shall deposit a copy of his or her diploma with the clerk of the county in which he or she may sojourn or reside, and shall pay said clerk ten cents for filing the same in his office; said copy to be a matter of record, and open to public inspection.

2. That it shall be unlawful for any person not qualified according to the first section of this act to collect any fees for medical and surgical services.

3. That the person who shall offer for record a copy of any diploma which shall have been issued to any other person, or a diploma issued or obtained fraudulently, shall be deemed guilty of a high misdemeanor, and, on conviction thereof, shall be punished by a fine of not less than three hundred dollars nor more than five hundred dollars, or imprisonment at hard labor for not less than one nor more than three years, or both, at the discretion of the court.

4. That nothing in this act shall be so construed as to prevent any physician or surgeon in good standing, and legally qualified to practice medicine or surgery in the State in which he or she resides, from practicing in this State, but all persons opening any office, or appointing any place where he or she may meet patients, or receive calls, shall be deemed a sojourner in this State, and shall conform to the first section of this act.

A supplement to an act entitled "An act to regulate the practice of medicine and surgery," approved March 12, 1880, and the supplement thereto approved March 2d, 1881. Approved March 22d, 1883.

5. SEC. 1. That section two of said supplement, approved March 2d, 1881, be and the same is hereby amended so that the same shall read as follows: That any person who shall commence or continue to practice medicine or surgery without conforming to the requirements of the first section of this act, shall be deemed guilty of a misdemeanor, and on conviction shall be punished by a fine of twenty-five dollars, or imprisonment in the county jail not exceeding six months, or both, at the discretion of the court, for each prescription made, operation performed, or professional service rendered. *Provided*, that any person who shall have had twenty years' experience in the practice of medicine or surgery in one locality, and shall file with the clerk of the county in which he resides, an affidavit setting forth the fact of such experience and length of practice, shall be exempt from the requirements contained in section first of the act entitled, "An act to regulate the practice of medicine and surgery," approved March 12th, 1880.

6. SEC. 2. That in order to secure to the State board of health a full record of all physicians and surgeons, who under the laws of this State are required to give certificates of death, it shall be the duty of the county clerk of each county of the State to furnish to the State board of health a list of the names of all physicians and surgeons who have deposited with him copies of their diplomas, together with the date of their respective diplomas, and the name and place of the institution purporting to confer such diplomas, and each county clerk shall yearly furnish to the State board of health a similar list of those physicians and surgeons hereafter depositing diplomas with him, and shall include in such list also the names of those physicians and surgeons filing affidavits with him, as mentioned in the second section of this act, and each county clerk shall keep in a suitable book an index of the names of all physicians and surgeons depositing diplomas or filing affidavits in pursuance of this act or the acts to which this is a supplement; and for every name indexed and furnished to the State board of health as hereinbefore provided, the county clerk so indexing and furnishing such name shall be entitled to receive from the State board of health, through its secretary, the sum of six cents.

A further supplement to an act entitled "An act to regulate the practice of medicine and surgery," approved March 12th, 1880. Approved March 17th, 1882.

7. SEC. 1. That any physician residing and practicing medicine or surgery in this State, and being a graduate of a legally chartered medical college or university having power to grant diplomas, who, within one year after the passage of the act to which this is a supplement, shall have deposited a copy of his or her diploma with the clerk of the county, as required by said act, shall not be liable to any of the fines or penalties prescribed by said act for a failure to comply with the terms thereof.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That it shall be lawful for any physician who has been registered, in any county of this State, to practice in any part of this State, provided he shall exhibit proof of such registry officer whose duty it is to keep such registry, a certificate of the fact that he has been registered as a practicing physician, for which certificate he shall pay to said county clerk, or other officer, the sum of fifty cents.

2. And be it enacted, That this act shall take effect immediately.

Approved March 6th, 1888.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

NEW MEXICO.

CAPITAL, SANTA FE.

POPULATION OF TERRITORY, 134,141.

(Census of 1885.)

POPULATION, 1880, 119,565. Increase, per cent., 12.19.

Males.....	64,496	Native.....	111,514
Females.....	55,069	Foreign.....	8,051
White.....	108,721	Chinese.....	57
Colored.....	1,015	Indians.....	9,772

New Mexico extends from 31° 20' to 37° north latitude, and from 103° to 109° 9' west longitude, and is bounded on the north by Colorado, on the south by Texas and the Republic of Mexico, on the east by Texas and Indian Territory, and on the west by Arizona. It comprises an area of 121,201 square miles or 77,568,640 acres. The Territory consists of high, level plateaus, intersected by mountain ranges.

The principal rivers are the Rio Grande, Canadian, Cimarron, Rio Colorado and Gila, and there are besides a number of less important streams.

The climate is salubrious; mild and equable winters being followed by cool and invigorating summers. The mean annual temperature at Santa Fe is 50.54°; that of the summer 70.50°, and of the winter 30.28°. The rainfall is light, varying from 8 inches in the valley of the Rio Grande to 20 near the Texas State line.

Gold, silver, copper, coal, iron and lead are abundant, while mica, salt, gypsum, lime, sulphur, etc., are found in considerable quantities. There are also nine varieties of precious stones, among these turquoise, garnets and emeralds.

There is a sufficient supply of timber to supply the home demand.

New Mexico is pre-eminently a stock raising country, while the number of sheep in the Territory exceeds that of any other Territory in the Union.

The following table shows the increase in population for 15 years:

1870.....	91,874	1885.....	134,141
1880.....	119,565		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 144; capital invested, \$463,275; number of hands employed, 557; total wages paid during the year, \$218,731; value of materials, \$871,352; value of products, \$1,284,846.

There are some well known medicinal springs in the Territory.

Rate of Mortality in New Mexico, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000 Colored.
119,565	2,436	20.37	2,397	39	20.04	3.59

The total number of deaths from consumption during 1880 was 60, which was at the rate of .40 per 1,000 of population, or 24.63 per 1,000 of total deaths.

JUST OUT. Our handsome Book, **RESEARCHES IN ELECTRO-ALLOTROPIC PHYSIOLOGY**, containing many valuable abstracts on **ELECTRO THERAPEUTICS**, mailed free to those who mention the **Medical and Surgical Register of U.S.** Address Jerome Kidder M'f'g Co., 820 Broadway, New York. (See p. 1051.)

MEDICAL LAWS OF NEW MEXICO.

AN ACT TO PROTECT THE PUBLIC HEALTH AND REGULATE THE PRACTICE OF MEDICINE IN THE TERRITORY OF NEW MEXICO.

Be it enacted by the Legislative Assembly of the Territory of New Mexico :

SECTION 1. That a Territorial Board of Medical Examiners is hereby established which shall be composed of seven practicing physicians of known ability and integrity, who are graduates of some medical school, college or university duly established under and by virtue of the laws of the country in which such medical school, college or university is situated, giving each of the three schools or systems of medicine the following representation, to wit : The allopathic school, or system of medicine, four members; the homœopathic school, or system of medicine, two members, the eclectic school, or system of medicine, one member.

2. The Governor shall, as soon as practicable after the passage of this act, appoint a Territorial Board of Medical Examiners, as provided for in the preceding section, who shall hold their offices for two years from and after their appointment, and until their successors shall have been appointed and qualified. Thereafter the Governor shall appoint, every two years, a like board as hereinbefore described, and he shall also fill all vacancies that may occur as soon as practicable after having been notified of the existence of such vacancy by the secretary of the board: *Provided*, that in making biennial appointments or filling vacancies, the representation of the medical schools shall not be changed from the original basis, as in section 1 of this act. The board of examiners so appointed shall go before a county judge and make oath that they are regular graduates or licentiates, and that they will faithfully perform the duties of their offices.

3. The Territorial Board of Examiners shall organize within three months after the passage of this act. They shall procure a seal, and shall receive through their secretary applications for certificates and examinations. The president of such board shall have authority to administer oaths, and the board to take testimony in all matters relating to their duties. They shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board. In selecting places to hold their meetings, they shall, as far as reasonable, accommodate applicants residing in different sections of the Territory, and due notice shall be published of all their meetings. Certificates shall be signed by all the members of the board granting them and by the president of the board, upon a recommendation of a majority thereof.

MEDICAL AND SURGICAL

New Mexico.

4. Said Territorial Board of Examiners shall examine diplomas as to their genuineness, and if the diplomas shall be found genuine, as represented, the secretary of the Board of Examiners shall receive a fee of five (5) dollars from each graduate or licentiate, and no further charge shall be made to the applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths and the same shall be attested under the hand and official seal of said officer, if he has a seal. Graduates may present their diplomas and affidavits, as provided by this act, by letter or by proxy, and the Board of Examiners shall issue its certificate the same as though the owner of the diploma were present.

5. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by a majority of the board shall authorize the possessor to practice medicine and surgery in the Territory of New Mexico.

6. Every person holding a certificate from a Board of Examiners, shall have it recorded in the County Clerk's office in every county in which he practices, or attempts to practice, medicine or surgery, in a book kept by the clerk for that purpose, which shall be known as the certificate book of physicians and surgeons.

7. When the certificate is filed by the clerk, he shall record the same and attach his certificate thereto, which shall show the date of filing and recording, and the number of the book and page of the record, and shall keep an alphabetical index of the names of all physicians so filing their certificates, and he shall be allowed the same fees as now allowed for similar services.

8. Candidates for examination shall pay a fee in advance of ten dollars to the secretary.

9. All examinations of persons not graduates shall be made directly by the Territorial Board of Examiners. Examinations may be made, in whole or in part, in writing, and the subjects of examinations shall be as follows, to wit: Anatomy, physiology, chemistry, pathology, surgery, obstetrics, and practice of medicine (exclusive of materia medica and therapeutics).

10. The Territorial Board of Examiners may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes.

11. Any person shall be regarded as practicing medicine within the meaning of this act, who shall profess publicly to be a physician and to prescribe for the sick, or who shall append to his name the letters "M. D." But nothing in this act shall be construed to prohibit students from prescribing under the supervision of preceptors, or to prevent women from practicing midwifery, or to prohibit gratuitous services in cases of emergency. And this act shall not apply to commissioned surgeons or acting surgeons of the United States army and navy.

12. Any person practicing medicine or surgery in this Territory, without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this Territory for the crime of forgery, but the penalties shall not be enforced until on and after the thirtieth day of June, eighteen hundred and eighty-two: *Provided*, that the provisions of this act shall not apply to those who have been practicing medicine ten years within this Territory.

13. The code of ethics of the American Medical Association shall be the standard and rule of decision concerning professional conduct of members of the medical profession for the purposes of this act.

14. A majority of the members of the medical board created by this act, when qualified according to the provisions of this act, are authorized and empowered to exercise all the powers and perform all the duties authorized and required of such board by the provisions of this act.

15. It shall be the duty of the attorney-general and district attorneys to prosecute any and all persons who shall be guilty of violating any of its provisions.

16. Any person who shall unlawfully collect or receive any fee or compensation for services as physician or surgeon, in violation of the provisions of this act, shall be liable to the party from whom the same shall be collected or received in double the amount thereof, to be collected by an action in debt.

17. This act shall take effect and be in force from and after the date of its passage and approval.

Approved March 2, 1882.

NEW YORK.

CAPITAL, ALBANY.

POPULATION OF STATE, 5,082,871.

(Census of 1880.)

Males	2,505,322	Native	3,871,492
Females	2,577,549	Foreign	1,211,379
White	5,016,022	Chinese	926
Colored	65,104	Indians	819

The State of New York extends from 71° 51' to 79° 47' 25" west longitude, and from 40° 29' 40" to 45° 0' 42" north latitude, and is bounded on the north and west by Canada, from which it is separated by the St. Lawrence river, Lake Ontario, Niagara river and Lake Erie, on the south by New Jersey and Pennsylvania, and on the east by Connecticut, Massachusetts and Vermont. It comprises an area of 47,000 square miles, or 30,080,000 acres. The surface is diversified and includes level fertile valleys, lofty mountain chains, beautiful lakes and rolling plateaux. That portion of the State lying east of the Hudson river valley is hilly and mountainous, and that lying west of the Hudson consists chiefly of rolling table lands, sloping gently to the north and west. The principal rivers are the Hudson, which rises in the Adirondacks, and, pursuing a southerly course, debouches into New York Bay; its total length is about 300 miles and for the last 160 miles it is navigable for the largest vessels; the St. Lawrence, which washes a portion of the northern boundary and with its numerous tributaries drains and irrigates that portion of the State, the Oswego, Niagara, Allegany, Susquehanna, Mohawk and Delaware. The State has, including Long Island, a coast line of several hundred miles, and possesses in New York Bay one of the finest harbors in the world. The mineral treasures of New York are great and consist of iron, lead, plumbago, copper, zinc, barium and strontium ores, alum and magnesia. The salt springs in Onondaga county yield annually several million bushels of pure salt. Quarries of marble, granite, sand and limestones abound.

The soil in the valleys is exceedingly fertile and productive, while the table lands and hilly districts are better adapted for grazing purposes. Immense crops of cereals are raised and tobacco is grown in several counties. The State is well wooded and the timber is varied and excellent. The climate is healthful, although marked by extremes of heat and cold. The winters in the Adirondack region are long and severe. The mean annual temperature, as observed at Albany, is 47.95, and in the city of New York, 51.83. The rainfall varies from 44 inches in the Hudson Valley, to 32 in the valley of the St. Lawrence.

The census of manufacturers for 1880 shows the number of establishments in operation at that time to have been 42,739; capital invested, \$514,246,575; total number of hands employed, 531,473; total wages paid during the year, \$198,634,029; value of materials, \$679,578,650; value of products, \$1,080,638,696. The falls of Niagara, the Genesee, Trenton, Portage, and many others, afford vast motive power, and the State possesses unequalled facilities for transportation by land and water.

The INEBRIATES' HOME

FORT HAMILTON, N. Y.

A HOSPITAL FOR THE TREATMENT OF ALCOHOLISM AND THE OPIUM HABIT.

OFFICERS:

President—HON. GEORGE G. HERMAN.

Vice-President—HON. ANDREW WALSH.

Secretary—SAMUEL A. AVILA.

Treasurer—HON. WILLIAM M. THOMAS.

Consulting Physician—LEWIS D. MASON, M. D.

Medical Supt.—JAMES A. BLANCHARD, M. D.

Assistant Physician—N. W. LYNDE, M. D.

Auditor—J. W. RICHARDSON.

The design of the institution is to treat persons who suffer from inebriety, from whatever cause—whether from the use of alcohol, opium or other narcotics. *Persons suffering from chronic affections, or other diseases than those immediately produced by inebriety, are not received into this institution.*

In order to prevent the reception of improper cases, the consent of the duly authorized officers is in every instance made a pre-requisite to the admission of a patient.

The Buildings are situated in a park of twenty-six acres, overlooking and commanding fine views of the Narrows and the upper and lower Bay of New York Harbor. The accommodations, table, attendance and nursing are of the best character and suited to first-class patients.

There are separate dining rooms, lodging rooms, and parlors, billiard and bath rooms. There is also a lecture room for religious services, readings, concerts, etc. All the New York dailies and other newspapers and periodicals are regularly taken.

The Classification of patients originated with and is peculiar to this institution. Being determined and regulated upon a strictly commercial basis, it is made to depend upon the character of the lodging, board and other accommodations which the patients or their friends are willing to pay for.

Two daily mails and telegraphic communications to all parts of the country.

HOW TO REACH THE INSTITUTION FROM NEW YORK.

Cross the East River to Brooklyn on Fulton Ferry Boat, and proceed either by Court Street or Third Avenue horse cars to Transfer Office; or, cross from South Ferry on Hamilton Avenue boat and proceed by Fort Hamilton cars to Transfer Office, thence by steam cars to the Home. Request conductor to leave you at the Lodge Gate.

Full directions with the requisite blank forms, together with such information as may be desired, can be obtained on application to
J. A. BLANCHARD, M. D.,
 Medical Superintendent.
 P. O. Box 42, FORT HAMILTON, N. Y.

B. KEITH & CO.

PREPARE ONLY

PURE CONCENTRATED MEDICINES

Concentrated Tinctures, Oils, Etc.

WE MAKE A FULL LINE OF

Resinoids, such as Podophyllin, Leptandrin, Euonymin, Irisin, Hydrastin, Etc.

**KEITH'S
CON. TINC. AVENA SATIVA.**

(FROM COMMON OATS.)

A POWERFUL NERVE STIMULANT, TONIC, Etc.

It is employed in the treatment of Paralysis, Epilepsy, St. Vitus' Dance, Morphia or Opium Habit, Chloral and Tobacco Habits, Sleeplessness, Nerve Exhaustion, Neuralgia, Alcoholism, Painful and Deficient Menstruation, Headache, Hysteria, Convulsions and Prostration from Fainting, and in the Convalescent stage of all Acute Diseases.

Dose—From ten to thirty drops or more, as often as may be indicated to meet the urgency of the case. Administer in hot water when quick action is desired.

Put up in Bottles Containing 2 oz., 45c; 4 oz., 75c; 8 oz., \$1.35; 16 oz., \$2.50.

**KEITH'S
ELIXIR DYSPEPSIA COMP.**

R Hydrastin,
Xanthoxilin,
Bi-Carb. Soda,
Avenin.

A Positive Remedy for the Relief and Cure of Dyspepsia, Indigestion, Heartburn, Flatulency Sea-Sickness, Gastric Irritation, Acidity of Stomach, Etc.

For an acute attack, when prompt action is demanded, administer in hot water.

Dose—One teaspoonful in a wine-glass of water immediately after each meal, or when indicated.

Price, 8 oz., \$1.00; 16 oz., \$1.50.

COMP. LUPULIN PILLS.

R Lupulin, }
Gelsemin, } Two Grain Pill, Sugar Coated.
Alnuin. }

For Spermatorrhœa.

Dose—One morning and noon, and two on retiring at night. They will be found most positive in action, convenient in form for administration, and can be forwarded by mail. Above were used for a long time by Dr. Keith in his private practice.

Price, \$1.00 per Hundred.

Send for printed matter on Con. Tinc. Avena Sativa in the Morphia or Opium Habit, and certificates from different members of the Medical Profession citing cases under their charge treated by it; also, Revised and Enlarged Manual, to

B. KEITH & CO.,**75 William Street,****NEW YORK.**

The following table shows increase in population for 60 years.

1820	1,372,111	1860.....	3,880,735
1830	1,918,608	1870.....	4,382,759
1840	2,428,921	1880.....	5,082,871
1850	3,097,394		

There are numerous medicinal springs in the State.

The following is a list of medical colleges in the State : College of Physicians and Surgeons in the City of New York (Medical Department of Columbia College), New York; Albany Medical College (Medical Department of Union University), Albany; University of the City of New York, Medical Department, New York; Medical Department of the University of Buffalo, Buffalo; Long Island College Hospital, Brooklyn; the New York Homœopathic Medical College and Hospital, New York; Bellevue Hospital Medical College, New York; New York Medical College and Hospital for Women (Homœopathic), New York; Eclectic Medical College of the City of New York, New York; Woman's Medical College of the New York Infirmary, New York; College of Medicine of Syracuse University, Syracuse; and Medical Department of Niagara University, Buffalo.

Rate of Mortality in New York State, as computed from the U. S. Census of 1880.

Population	Deaths in 1880.	Rate per 1,000.	White	Colored	Rate per 1,000, White.	Rate per 1,000, Colored.
5,082,871	88,332	17.38	86,669	1,633	17.28	24.42

Total number of deaths from consumption during 1880 was 7,207, which was at the rate of 2.50 per 1,000 of population, or 81.59 per 1,000 of total deaths.

New York Dispensary for Diseases of the Skin—408 E. 26th, New York. Apothecary, J. Edwin Corrigan.

A NEW

Corporal Disinfectant FOR FEVERS.

Dr. D. L. I. Flanders' Diffusible Tonic.

DR. FLANDERS' DIFFUSIBLE TONIC is an active agent, for internal use, that will stop the destructive action of the contagion of all infectious febrile diseases, and effect its removal from the system without danger to the patient. It is also equally effective as a preventive of infection.

The certainty of its action is beyond question, having been thoroughly tested through the whole field of infectious febrile diseases: In Yellow Fever, Typhoid Fever, Scarlet Fever, Diphtheria, Measles, Hay Fever, Pneumonia, Colds, and the different forms of Malarial Fever and affections, arresting the progress of the disease and effecting the speedy recovery of the patient, without the resulting disability which often follows the Scarlet, Yellow, Typhoid Fevers, Hay Fever and Measles.

The tests in Yellow Fever were made in Jacksonville, Fla., during November, 1888, by Dr. Flanders personally, when typical cases of genuine Yellow Fever were treated with this agent alone, and the progress of the disease stopped and the fever aborted within eight hours in each case.

In no case has Typhoid Fever, in the first stages, progressed thirty-six hours after treatment was begun.

Speedy recovery and the absence of dangerous symptoms has attended its use in every case of Diphtheria, Scarlet Fever and Measles.

The severest cases of Hay Fever have yielded to this treatment, rendering a change of climate unnecessary.

Physicians, Hospital Boards, Boards of Health and Ship Surgeons are urged to test this new Corporal Disinfectant and learn of its merits by actual observation of its action in typical cases.

It may be administered to patients of all ages and conditions with absolute safety.

All communications of inquiry will be cheerfully answered, and bottles containing sufficient quantity for a case of fever, together with full directions for use, will be delivered free of all charges at any express office in the United States upon receipt of the price—one dollar—which sum will be refunded if the remedy does not prove to be as represented.

Address all communications

**D. L. I. FLANDERS, M. D.,
Sturgis, Michigan, U. S. A.**

NEGAUNEE, MICH., Oct. 27th, 1889.

This is to certify that I have used the "Diffusible Tonic" as prepared by Dr. Flanders, in six cases of true Typhoid Fever, and find the subjoined results, viz: in every instance the temperature and pulse is lowered, the waste of vitality corrected and the general condition of the patient improved in every particular.

A. C. MacKENZIE, M. D., C. M.,
Surgeon to Iron Cliff Co.

NEGAUNEE, MICH., Oct. 31st, 1889.

DR. D. L. I. FLANDERS, STURGIS, MICH.

DEAR SIR:—We have tried your "Diffusible Tonic" with great success in eight or nine cases of Typhoid Fever, and have recommended it to others, who gratefully acknowledge the benefits received from its use. The "Diffusible Tonic" is destined to be an Angel of Mercy wherever a knowledge of its great medicinal virtues shall be possessed by the afflicted.

SISTERS OF ST. JOSEPH.

MEDICAL LAWS OF NEW YORK.

AN ACT TO REGULATE THE LICENSING AND REGISTRATION OF PHYSICIANS AND SURGEONS, AND
TO CODIFY THE MEDICAL LAWS OF THE STATE OF NEW YORK.

The People of the State of New York, represented in Senate and Assembly, do Enact as follows:

SECTION 1. No person shall practice physic or surgery in this State who shall not have attained the age of twenty-one years; and no person shall practice as aforesaid unless he or she shall be, at the time this act shall take effect, a person lawfully engaged in such practice in this State under license or authority conferred by its laws then in force, and lawfully registered pursuant to chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, or unless he or she shall be licensed or authorized so to practice by the provisions of this act, and registered as herein prescribed.

2. From and after the date of the taking effect of this act, no person not theretofore licensed or authorized to practice physic or surgery in this State shall be deemed so licensed or authorized except one of the three following classes:

First. All who shall have been graduated from an incorporated medical school or college in this State with the degree of doctor of medicine, after substantial compliance with all the requirements of the general laws and of the charter of said corporation regulating the term and amount of study, attendance and attainment requisite to obtain said degree; provided that no person shall receive the degree of doctor of medicine, or be licensed to practice physic or surgery in this State unless after the age of eighteen he shall have pursued the study of medical science for at least three years, in a chartered medical school or with some physician or surgeon duly authorized by law to practice physic or surgery; and shall have attended two complete courses of lectures in some legally incorporated medical school or college, in good standing at the time of such attendance, prior to the granting to him or her of a diploma or license; provided, further, that two courses of lectures, both of which shall be either begun or completed within the same calendar year, shall not satisfy the above requirement.

Second. All who have received said degree from the regents of the university of the State of New York, after substantial compliance with the legal requisites preliminary to its attainment, and after examination by a legally constituted board of medical examiners of this State.

Third. All who, having been graduated from incorporated medical schools or colleges without the State as doctors of medicine, or licensed to practice physic or surgery under the laws of those European countries in which said degree does not confer the right so to practice, shall procure their diplomas from said corporations or their licenses from such countries, to be indorsed by the faculty of an incorporated medical school or college within this State, or by the regents of the university on the recommendation of a legally constituted board of medical examiners of this State. Every such indorsement shall be in form of schedule A or of schedule B, provided by the tenth section of this act. Every corporation or board so indorsing shall keep a record of their indorsements, and may require applicants to verify their statements under oath; any indorsement made with fraudulent intent, or gross carelessness or ignorance, shall be deemed a misdemeanor, and shall subject the indorser or indorsers, upon conviction thereof, to a fine of two hundred and fifty dollars.

3. Every person who, at the time this act shall take effect, shall be practicing lawfully physic or surgery in this State, under the authority and license conferred by the laws then in force, but who shall not be then duly registered in the county where he or she practices; and every person who shall thereafter become lawfully authorized or licensed to practice physic or surgery in this State, shall register in a book to be kept in the clerk's office of the county in which such practice is carried on, his or her name, residence, place and date of birth, and authority for practicing as aforesaid. Every person who shall apply to register as a physician or surgeon shall be required, before registration, to subscribe and verify, by oath or affirmation, before a person qualified to administer oaths in this State, an affidavit which shall be filed and preserved in a bound volume. This affidavit shall be in the form prescribed in schedule C, provided by the tenth section of this act. Every person registering as aforesaid shall exhibit to the county clerk his or her diploma or license, or in case of loss, a copy of either, legally certified as are copies of documents admitted in evidence, or a duly attested transcript of the record of its conferment from the body conferring it, upon which the said clerk shall indorse, or stamp, his name and the words, "Presented and registered as..... authority to practice physic and surgery by..... on the..... day of..... in the clerk's office of..... county. The said clerk shall also give to every registered physician or surgeon a certificate in the form of schedule D, provided by the tenth section of this act: for all of his said services the county clerk shall receive, as a total fee for registration, affidavit and certificate, the sum of one dollar. It is provided, however, that nothing in this act shall require any physician or surgeon, who shall have duly registered lawful authority to practice as such, conformably to the provisions of chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, to register again under the provisions of this act, in any county where he or she shall have registered already.

4. A practicing physician or surgeon, having registered lawful authority to practice physic or surgery in one county, who shall remove his practice or part thereof to or regularly engage in practice or open an office in another county, shall exhibit in person to the clerk of such other county, or shall send to him through the mail by registered letter, his certificate of registration,

and if such certificate shows lawful authority to have been registered, said clerk thereupon shall register said applicant in said latter county, on receipt of a fee of twenty-five cents. The clerk shall stamp or indorse upon such certificate the words "Registered also in..... county," and return the same; and every certificate and indorsement made pursuant to the provisions of this act shall be *prima facie* evidence in any legal proceeding that the person named has registered in the office issuing the same the authority stated in the transcript.

5. Every person now licensed to practice physic or surgery, in this State under the laws thereof in force at the time of the conferment of such license, unless he or she already shall have registered his or her name, residence, place of birth and authority so to practice pursuant to the provisions of section two of chapter five hundred and thirteen of the laws of eighteen hundred and eighty, and the acts amendatory thereof, shall comply with the requirements of said chapter on or before the first day of October, eighteen hundred and eighty-seven, and thereafter no person shall be entitled to register any authority to practice physic or surgery, except the license conferred under this act, and the laws enacted hereafter, and no registration shall be considered valid as such unless the authority registered constituted at the time of registration a license under the laws of this State then in force: *Provided*, That nothing in this section shall be construed to prohibit or suspend any prosecution for non-registration under said section instituted prior to said first day of October, eighteen hundred and eighty-seven: *And further provided*, That no diploma or license conferred upon a person not actually in attendance at the lectures, instruction and examination of the corporation conferring the same, or not possessed at the time of its conferment of the requirements then demanded of medical students in this State as a condition of their becoming licensed so to practice, shall be deemed lawful authority to practice physic or surgery in this State.

6. No person shall be licensed or permitted to practice physic or surgery in this State who has been convicted of a felony by any court of competent jurisdiction; and if any person who is or hereafter shall be duly licensed to practice physic or surgery in this State, shall be convicted of a felony, as aforesaid, his or her license to so practice, if any, shall be revoked by the fact of such conviction having been had. Any person who shall willfully swear falsely to any statement contained in any affidavit made pursuant to the provisions of this act, shall be deemed guilty of a felony, and subject to a conviction and punishment for perjury; any person who falsely and without authority shall counterfeit, make or alter any diploma, certificate or instrument constituting a license to practice physic or surgery within this State, or any certificate or indorsement given in pursuance of this act, shall be deemed guilty of a felony, and be subject to conviction and punishment for forgery in the second degree; any person who shall practice physic or surgery under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be deemed guilty of a felony, and shall be subject to conviction and punishment for false personation; and any person guilty of violating any of the other provisions of this act, not otherwise specifically punished herein, or who shall buy, sell or fraudulently obtain any medical diploma, license, record or registration, or who shall aid or abet such buying, selling or fraudulently obtaining thereof, or who shall practice physic or surgery in this State under cover of a diploma or license that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations, or mistake of fact in material regard, or who, after conviction of a felony, as aforesaid, shall attempt to practice physic or surgery in this State, and any person who shall assume the title of doctor of medicine, or append the letters "M. D." to his or her name, without having received the degree of doctor of medicine from some school, college or board empowered by law to confer said degree or title, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than two hundred and fifty dollars, or imprisonment for six months for the first offense, and upon conviction of a subsequent offense, by a fine of not less than five hundred dollars or imprisonment for not less than one year, or by both fine and imprisonment. Any person who, not being then lawfully authorized to practice physic or surgery, in this State, and so registered according to law, shall practice on or after the first day of October, eighteen hundred and eighty-seven, physic or surgery within this State without the license and registration provided for in this act, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than fifty dollars for the first offense, and for each subsequent offense by a fine of not less than one hundred dollars, or by imprisonment for not less than one hundred days, or by both fine and imprisonment. When any prosecution under this act is made on the complaint of a lawfully incorporated medical society of this State or a county society entitled to representation in a State society or association, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical law of this State shall be paid at the end of the year to the county treasurer, for the use of the poor of said county.

7. The duly incorporated medical societies of any county in which any person shall practice physic or surgery without lawful authority or registration may, upon proof of such practice, recover from such practitioner, in an action before any justice of the peace, a penalty of twenty-five dollars and the costs of the action for the first judgment, and upon every subsequent judgment for the same offense a penalty of fifty dollars and the costs of the action; provided, that said societies shall pay to the county treasurer for the use of the poor of said county any surplus that may accrue in their hands from the excess of fines and penalties collected over the disbursements of said society for counsel fees and the expenses incident to the enforcement of this act by them.

8. Nothing in this act shall be construed to punish commissioned medical officers serving in the army or navy of the United States, or in the United States marine hospital service, while so commissioned, or any one while actually serving as a member of the resident medical staff of any legally incorporated hospital, or any legally qualified and registered dentist exclusively engaged in practicing the art of dentistry, or interfere with manufacturers of artificial eyes, limbs or orthopaedic instruments or trusses of any kind from fitting such instruments on persons in need thereof; or any lawfully qualified physicians and surgeons residing in other States

or countries meeting registered physicians and surgeons of this State in consultation, or any physician or surgeon residing on the border of a neighboring State, and duly authorized under the laws thereof to practice physic or surgery therein, whose practice extends into the limits of this State; providing, that such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of the State of New York; or physicians duly registered in one county of this State called to attend isolated cases in another county, but not residing or habitually practicing therein.

9. The following acts and parts of acts are hereby expressly repealed, to wit: Sections eight to twenty-two, inclusive, of title seven of chapter fourteen of part one of the Revised Statutes; also all of chapter one hundred and thirty-eight of the laws of eighteen hundred and six, that provided for the examination and admission of medical students to practice, and for penalties for practicing physic and surgery without a diploma or other lawful authority; also section or paragraph fifth of chapter one hundred and four of the laws of eighteen hundred and seven; also sections nine, ten, eighteen and all of section eleven following and including the words "whose duty" of chapter ninety-four of the laws of eighteen hundred and thirteen; also sections one, two, four and all of section three following and including the words "any three" of chapter two hundred and six of the laws of eighteen hundred and eighteen; also section two of chapter two hundred and thirty-seven of the laws of eighteen hundred and nineteen; also chapter one hundred and twenty-six of the laws of eighteen hundred and thirty; also sections one, two and four of chapter five hundred and thirty-two of the laws of eighteen hundred and thirty-six; also chapter sixty-four of the laws of eighteen hundred and forty-one; also chapter two hundred and seventy-five of the laws of eighteen hundred and forty-four; also chapter four hundred and thirty-six of the laws of eighteen hundred and seventy-four; also chapter five hundred and thirteen of the laws of eighteen hundred and eighty; also chapter one hundred and eighty-six of the laws of eighteen hundred and eighty-one; also chapters four hundred and eleven and four hundred and forty-five of the laws of eighteen hundred and eighty-four; also section three hundred and fifty-six of the Penal Code. And also all acts or parts of acts authorizing any incorporated school or college to confer the degree of doctor of medicine *causa honoris* or *ad eundum*, or otherwise, than upon duly graduated students in course; and all other acts or parts of acts inconsistent with this act are hereby repealed. And it is provided, that the degree of doctor of medicine conferred *causa honoris* or *ad eundum gradum*, shall not be a qualification for the practice of physic and surgery in this State. And whereas, it is the purpose of this act to codify the statutory provisions of this State regulating the admission of individuals to the practice of physic and surgery, and the punishment of those practicing either physic or surgery without authority, it is further provided that the specific repeal herein of any portion of an act that may have been heretofore repealed, expressly or by implication, shall not be construed to revive the remaining part thereof.

10. Section ten shall embrace the following schedules, namely, A, B, C and D:

SCHEDULE A.

To all whom it may concern, greeting:

A. B., having on the....day of.....eighteen hundred and..... presented to the faculty of.....a diploma, purporting to have been issued on.... day of.... to said A. B., conferring on.....the degree of doctor of medicine, and it being made certain to us by inquiry and examination that the said..... at the date of said diploma, was a medical college or school, duly incorporated, in good standing and authorized to confer the degree of doctor of medicine, and also that the said A. B. is the identical person upon whom the said diploma was conferred, and is also a person of good moral character, who has pursued a course of study equivalent to that required of a doctor of medicine by said faculty, and is sufficiently well versed in the knowledge of physic and surgery to qualify.....to practice the same.

Now, therefore, the said faculty have caused this indorsement and the seal of the said.....to be placed upon said diploma.

(Signed) by the dean or proper officer.

[SEAL.]

SCHEDULE B.

To all whom it may concern, greeting:

A. B., having on the....day of.....presented to the faculty of.....a license purporting to have been issued to said....., as authority to practice physic and surgery in all branches; and it being made certain to us by inquiry and examination that A. B. is the identical person on whom the license was conferred; that it is not necessary in the country in which it was conferred that a licensed practitioner of physic and surgery should have the degree of doctor of medicine, and that a license in form and substance such as the one hereby indorsed is the usual and sufficient authority to practice physic or surgery therein; and, further, that said A. B. is a person of good moral character, who has pursued a course of study equivalent to that required of a doctor of medicine by our faculty, and is sufficiently versed in the knowledge of physic and surgery to practice the same.

Now, therefore, the said faculty have caused this indorsement and the seal of the said.....to be placed upon said license.

(Signed) by the dean or proper officer.

SCHEDULE C.

STATE OF NEW YORK, }
COUNTY OF..... } ss.

..... being duly sworn, says that h..... name is; that was born in on the day of; in the year.....; that now resides at number street in the city of and intends to practice physic and surgery in the county of; that h..... authority so to practice is a license (or diploma), conferred upon h....., on the day, in the year by, a duly incorporated medical school (or college), or a legally constituted board of medical examiners of the State of New York, authorized at the date of conferring said to confer the same and being then in good standing (or in case of a European license, describe the source thereof, and the authority under which it was conferred). Affiant further says that is the person named in the said, and had before receiving the same, fully and substantially complied with the requisites as to attendance, terms and amount of study and examinations required by the laws of the State and the charter and regulations of said as preliminary and necessary to the conferment thereof. Affiant further says that no money was paid by for said except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one, or occurred, in order that said should be conferred on affiant. (Where indorsement has been made of a license or diploma granted without the State, this additional clause shall be verified.)

And affiant further says that the said diploma or license was indorsed on the day of eighteen hundred and, by the faculty of ... upon satisfactory proof by affiant of all the facts hereinabove recited, and that had followed a course of study equivalent to the curriculum of said and was competent to practice physic and surgery.

Sworn to before me, this)
..... day of.....)

SCHEDULE D.

To whom it may concern: Know ye, that on the day of A. B. having first subscribed and verified an affidavit in the form of schedule C of chapter of the laws of eighteen hundred and eighty-seven, made an entry in the register of physicians and surgeons, kept in the office of the clerk of county, of which entry I certify the following to be a transcript:

NAME.	Birthplace.	Residence.	Date, source and character of license or diploma.	Indorsed by what faculty.	Remarks.

In witness whereof I have set my hand and official seal this day of

.....
Clerk of county.

11. This act shall take effect immediately.

CHAP. 468.

AN ACT TO PROVIDE FOR THE PRELIMINARY EDUCATION OF MEDICAL STUDENTS. APPROVED
JUNE 13, 1889.

The People of the State of New York, represented in Senate and Assembly, do Enact as follows:

SECTION 1. Before the Regents of the University of the State of New York or the trustees of any medical school or college within this State shall confer the degree of doctor of medicine on any person, who has not received a baccalaureate degree in course from a college or university duly authorized to confer the same, they shall require him to file with the secretary or recording officer of their university or college a certificate showing that, prior to entering upon the prescribed three years' study of medicine, he passed an examination conducted under the authority and in accordance with the rules of the Regents of the University of the State of New York, in arithmetic, grammar, geography, orthography, American history, English composition and the elements of natural philosophy, and such certificate shall be signed by the secretary of the regents and countersigned by the principal or commissioner conducting said examination.

2. This act shall not apply to persons who have already entered upon the prescribed three years' study of medicine, nor shall it alter the time of study or the courses of medical instruction required to be pursued in the medical colleges of this State by existing statutes.

3. This act shall take effect immediately.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name. the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

Hofmann's Perfected Anatomical Pelvic Pessary (Pat'd)

Plate 1. Size 1.—SUPERIOR-ANTERIOR VIEW.

A. Superior and posterior concavities. B. Anterior and superior concavities. E. Central orifice. G. Lateral concavities.

I have seldom found it needful to advance beyond No. 2. Numbers 0 and 1 will be found large enough in a considerable majority of cases.

The Pessary is made of both soft and hard rubber. Its sizes are 0, 1, 2, 3, 4. The transverse diameter of size "0," is 2 4-16 in.; No. 1, 2 7-16 in.; No. 2, 2 10-16 in.; No. 3, 2 13-16 in.; No. 4, 3 in. Size "00" is the smallest, and measures 2 inches, is the only size having the rubber sack attachment, and is made of soft rubber only. It is invaluable in the treatment of ulcerations and inflammations, the sack being the vehicle for the local applications. It is very effective also in sterility, and does not interfere with coition.

Physicians supplied at \$1.50 each, Soft Rubber.

3.00 " Hard

A Single Pessary (for trial) \$1.00 Soft Rubber.

2.00 Hard "

Plate 3. Size 00—ANTERIOR-INFERIOR VIEW.

Showing a thin india-rubber sack enveloping the inferior opening of the central orifice.

No **Pessaries** genuine excepting those bearing my full name and date of patents; and no **Adjustable Abdominal Supporter** genuine excepting those having my trade mark.

ERNST F. HOFMANN, M. D.

For Sale at all Drug Stores and Surgical Instrument Makers.

A descriptive illustrated circular sent if desired. For sale at all drug stores and surgical instrument houses. Address communications and remittances,

ERNST F. HOFMANN, M. D.,
45 West 25th Street, NEW YORK.

I claim that this Pessary is infinitely superior to any Pessary ever brought to the attention of the profession; that it is, in fact, the only Pessary ever devised with strict reference to anatomical conformity. It is very nearly a miniature copy of the bony pelvis, and its advantages are self-evident.

The superior posterior elevation being concave, fits the cul-de-sac. The posterior and anterior concavities bridge, respectively, the rectum and bladder. The lateral grooves support the broad ligaments. The lateral concavities receive the soft parts, which help to secure the Pessary against frictional rotation. The superior extremity of the vagina, resting upon the superior surface of the Pessary, and in **close contact** all around it, it is retained in its position by the *law of suction*.

I am confident that the **Perfected Anatomical Pelvic Pessary** will commend itself to the approving judgment of the enlightened practitioner.

N. B.—It is my earnest advice to employ, at first, the smallest of the sizes permissible in any given case, and to advance to the use of the larger sizes only as the case may actually indicate that necessity.

Plate 2. Size 1.—RIGHT LATERAL VIEW.

A. Superior and posterior concavities. B. Superior and anterior concavities. C. Superior posterior elevation. D. Lateral grooves. F. Slope of inferior-anterior surface. G. Lateral concavities.

Dr. Hofmann solicits the attention of the profession, in connection with his Pessary, to his **Perfected Adjustable Abdominal Supporter**, on measurement orders at \$6.00. Take the measurement around the hips, just below the Crest of the Ilium. The Pessary or Supporter will be sent by mail on receipt of price.

In all cases where additional assistance is required to lift up the depressed Abdominal Viscera, this supporter gives perfect satisfaction.

A GOOD DOCTOR EXPECTS TO LIVE LONG,

But he knows he has no certainty of life from one week to another, therefore

He Wants Life Insurance.

Since he has the prospect of long life he wants a policy that, if he lives long, will not be a perpetual expense, but one that will, in the course of time, bring him an income.

He Wants an Investment Policy,

And he wants it at low rates, for books and instruments and family expenses consume most of his income. It is plain, therefore, that he wants a policy in the

NEW YORK LIFE

Of the sort known as the "Non-Forfeiting Free Tontine," which combines the principles of Non-Forfeiture, originated and introduced by this Company in 1860, with the

BEST PAYING TONTINE PLAN

Ever devised. The **NEW YORK LIFE'S** tontines, now maturing on Endowment tables, are returning all premiums paid, with interest at about savings banks rates, after an insurance of fifteen years.

The Non-Forfeiting Free Tontine Policy is issued with Guaranteed Mortuary Dividend of either fifty or one hundred per cent. (as may be agreed) of all premiums paid, in case of death during the Tontine period. Send for prospectus.

NEW YORK LIFE INSURANCE CO.,

WILLIAM H. BEERS, President.

346 and 348 Broadway, NEW YORK.

ASSETS, OVER \$100,000,000.

ANNUAL INCOME, \$25,000,000.

The UNITED STATES Mutual Accident ASSOCIATION

GIVES THE

BEST ACCIDENT INSURANCE

AT LOWEST RATES.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

IMPERIAL GRANUM

THE SAFEST
For INFANTS

FOOD

AND MOST RELIABLE
And CHILDREN.

"As a Medicinal food IMPERIAL GRANUM, which is simply a solid extract from very superior growths of wheat, is unexcelled. It is easy of digestion, is not constipating, and is to-day the STANDARD DIETETIC preparation for invalids, for the aged, and for the very young."—*North American Journal of Homœopathy*, N. Y.

"IMPERIAL GRANUM has now been before the public for many years, and is generally admitted to be a standard preparation. There can be no doubt that this is due to its uniformly superior quality, and the successful results obtained with it in all cases where a prepared food is required."—*Popular Science News*, Boston, Mass.

IMPERIAL GRANUM

A DELICIOUS,
NOURISHING,
and STRENGTHENING

FOOD

For Nursing Mothers,
Invalids, Convalescents,
and the Aged.

An Original, Standard and World Renowned Dietetic Preparation.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

MILLER'S HOTEL AND SANATORIUM

Nos. 37, 39 and 41 West Twenty-Sixth Street,
NEW YORK CITY.

BETWEEN BROADWAY AND SIXTH AVENUE, NEAR MADISON PARK.

A quiet, healthy location, convenient by Stages, Horse Cars and the Elevated Roads to all parts of the City. In the center of retail trade, places of amusement, and the principal hotels and churches.

FOR PERMANENT OR TRANSIENT GUESTS.

Rates, \$2.50 to \$5.00 per Day, \$10.00 to \$35.00 per Week,

For four weeks or more, according to size and location of rooms.

Connected with the Hotel are the best managed and most desirable

Turkish, Electric and Roman Baths and Massage
IN THE CITY.

Physicians can send their patients here, both for Hotel Accommodations and for Baths, and be assured everything will be done for them in a most skillful manner and just as the physician may request.

Physicians and Others Visiting the City will Find this a Pleasant and Convenient Stopping Place.

For Circular and Special Rates, address

DR. E. P. MILLER,
PROPRIETOR.

The Brinkerhoff Treatment for Hemorrhoids

DRS. MILLER AND JAMISON,

Of No. 41 West 26th St., NEW YORK,

Take this opportunity to announce to the profession that they make a specialty of treating Hemorrhoids and other diseases of the rectum, by the Brinkerhoff treatment. They have a large variety of speculas and other instruments for examining and treating the diseases of the rectum, that have hitherto been unknown to the medical profession, and by them they are enabled to treat the worst form of rectal diseases without the use of chloroform and without cutting and ligating hemorrhoidal tumors, as has heretofore been the practice of the profession. They treat piles, fissures, ulcerations, fistulas, etc., and perform remarkable cures, causing but little pain, and allowing patients to attend to their ordinary daily duties while undergoing treatment.

Any physician having patients of this kind that they would like to have scientifically and successfully treated will be safe in referring them to the undersigned, who will be happy to send circulars explaining their treatment to any member of the profession.

DRS. MILLER AND JAMISON,

No. 41 West 26th Street,

Descriptive List of Dr. BANNING'S SURGICO-MEDICAL ADJUNCTS for the Profession.

Beware of imposters who personate Dr. Banning and offer bogus "Banning Appliances." There are no agents; every appliance is made from measurement of each case, and consequently they are not on sale in stores. Order from Dayton direct, and see that the words "E. P. Banning" are stamped on the instrument.

No. 1.—THE SIMPLE BODY BRACE, without the spinal shoulder brace, is a comfortable support to the abdomen and back. No. 2.—THE ABDOMINAL AND SPINAL SHOULDER BRACE, promptly relieves spinal weakness and ordinary displacement, arrests a drooping figure, expands the chest, flattens prominent shoulders blades, and slopes square shoulders. In doing this it protects from, and assists in curing indigestion, ruptures and piles, constipation and weakness of the lungs and spine. No. 3.—THE SYMMETRIZER OR BODY BALANCE, for drooping children and youth. It is a gentle and pleasant substitute for the corset, with none of its evils. In the case of young ladies it should come into universal use. Price, when sent by express, \$25, when applied, according to the case. No. 4.—THE PILE AND PROLAPSUS-ANI BRACE.—In connection with abdominal support, it effectively retains any reducible protrusion of the bowels without inconvenience. No. 5.—THE PREGNANCY BRACE so supports the aching back and heavy abdomen of the "enciente" lady. No. 6.—THE BRACE TRUSS acts on the principle of elevating abdominal weight from the hernial opening. No. 7.—THE UMBILICAL HERNIA BRACE TRUSS, infallibly retains the largest umbilical hernia. No. 8.—THE FEMORAL HERNIA BRACE TRUSS, in combination with abdominal support, with a finger-like action, sits immovably in the groin. No. 9.—THE ORDINARY SPINAL PROP, supports the abdomen and spine, takes superincumbent weight from the inflamed vertebra, and cannot be observed through the dress. No. 10.—THE REVOLVING SPINAL PROP, for Potts' disease, has the general action of No. 9, with the addition of a hollow square, which spontaneously fits any plane of curvature. Sufferers long confined to bed are often suddenly restored to their feet by its use. No. 11.—CENTRIPETAL SPINAL LEVER, for lateral spinal curvature and inequalities of the hips and shoulders of young ladies. It acts by shifting the body's weight to the opposite foot, thus compelling the weight to crush out the curve. No. 12.—THE RETROVERSION UTERINE BALANCE, in combination with No. 2. No. 13.—THE ANTEVERSION UTERINE BALANCE, in combination with No. 2. No. 14.—THE RING ELEVATOR, for prolapsus and procidentia uteri, acts from an external base and corrects the last degree of prolapsus without irritating a tender uterus, or interference with other local treatment. The abdominal support causes but the slightest internal support to be required. No. 15.—THE BIFURCATED UTERINE ELEVATOR and No. 2, combined, supports a prolapsed uterus, by supporting only at the anterior and posterior face of it. No. 16.—THE CUP UTERINE ELEVATOR and No. 2, combined, is to be used when a large even surface of support is requisite on account of the tenderness of the parts. How to ORDER ANY OF THESE APPLIANCES.—Give minute description of case; in spinal deformities, send two photographs of the patient's nude back (one front, one profile); measure accurately, over linen; always give complete history and state of case; especially where the uterus is involved, give the precise uterine bearings and organic condition. How to MEASURE.—First, around the pelvis, two inches below the tip of hip bone; Second, around chest, close by the axilla (armpit); Third, from each axilla to corresponding tip of hip bone; Fourth, height of patient. Let the measure be taken over undergarments, and be drawn snug, but not tight. Send in inches, not in tape. The instrument may be changed to suit, if returned immediately and in good order, not incumbered with charges of any kind. Address

DAYTON APPLIANCE ASS'N, Dayton, Ohio.

N. B.—Remember that all mechanical support has sprung from the "Banning System," and is only of value in as far as it imitates the action of the Banning appliances.

Dr. E. L. Graves' Unequaled Tooth Powder.

This Dentifrice is compounded by a Practicing Dentist, and is the result of twenty years' careful study and investigation.

IT IS HARMLESS.

It contains no soap, potash, pumice-stone, charcoal, or other injurious ingredient; but will cleanse the mouth of all bad tastes and unhealthy secretions. It is made from only pure drugs, carefully selected. Will polish instead of scratching the enamel, and will cure and harden the gums.

Is Especially Recommended to Invalids and the Sick.

ACCEPT NOTHING AS A SUBSTITUTE.

Two-Ounce Bottle, 25 Cents; Four-Ounce Bottle, 50 Cents; One-Pound Can, \$1.50; Half-Pound Can, 80 Cents.

Sent by Mail on Receipt of Price, or Sample Free.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation and the last number the year in which diploma was granted.

The postoffice address is shown in **Display Type**, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in Display Type, the name of county in which it is located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on pages 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

JUST OUT. Our handsome Book, RESEARCHES IN ELECTRO-ALLOTROPIC PHYSIOLOGY, containing many valuable abstracts on ELECTRO THERAPEUTICS, mailed free to those who mention the Medical and Surgical Register of U. S. Address Jerome Kidder M'f'g Co., 820 Broadway, New York. (See p. 1051.)

The postoffice address is shown in **Display Type**, the name of county in which it located immediately follows, and then the population of the place. The names of Physicians appear under the postoffice name, the first number (the key to which will be found on page 101 to 120) indicates the college of graduation, and the last number the year in which diploma was granted.

Write to J. W. FARRAR, Room 908 Royal Insurance Building, Chicago, Ill., for Circular of the PHYSICIANS, DENTISTS & DRUGGISTS' CO-OPERATIVE LIFE INSURANCE ASSOCIATION. (See Adv. on Page 10.)

NORTH CAROLINA.

CAPITAL, RALEIGH.

POPULATION, 1,399,750.

(Census of 1880.)

Males ..	687,908	Native.....	1,396,008
Females.....	711,842	Foreign.....	3,742
White.....	867,242	Chinese	1
Colored	531,277	Indians	1,230

North Carolina extends from 33° 53' to 36° 33' north latitude, and from 75° 25' to 84° 30' west longitude, and is bounded on the north by Virginia, on the west by Tennessee, on the south by South Carolina and Georgia, and on the east by the Atlantic Ocean. It comprises an area of 50,704 square miles, or 32,450,500 acres. The surface is very varied, and may be divided into four distinct sections: The tidewater or swamp lands, which extend 100 miles inland from the coast, have a sandy, fertile soil; the middle section is fertile, the Piedmont section hilly, and the blue ridge district mountainous.

The principal rivers of North Carolina are the Cape Fear, the Chowan, the Roanoke, the Tar, the Neuse and the Yadkin.

The climate is warm, the mean annual temperature being 58.52°, that of the summer 77.24°, and of the winter 40.14°, except on the Asheville plateau, which materially differs in meteorological conditions from other parts of the State, the mean temperature in winter being 44.46°. The average annual rainfall is about 43 inches.

The State is well wooded, forests of deciduous and coniferous trees covering a large portion of its area. Gold, silver, lead, zinc, iron, coal and copper are mined.

The following table shows the increase in population for 60 years :

1820	638,829	1860	992,622
1830	737,987	1870	1,071,361
1840	753,419	1880	1,399,750
1850	869,039		

The census of manufactures for 1880 shows the number of establishments in operation at that time to have been 3,802; capital invested, \$13,045,639; number of hands employed, 18,109; total wages paid during the year, \$2,740,768; value of materials, \$13,090,937; value of products, \$20,084,237.

Wheat, corn, sweet potatoes and tobacco are the staples. The fisheries are large and valuable.

There are several medicinal springs in the State.

There is one medical college in the State, the Leonard Medical School, Medical Department of Shaw University, at Raleigh.

Rate of Mortality in North Carolina, as computed from the U. S. Census of 1880.

Population.	Deaths in 1880.	Rate per 1,000.	White.	Colored.	Rate per 1,000, White.	Rate per 1,000 Colored.
1,399,750	21,547	15.39	12,167	9,380	14.02	17.61

The total number of deaths from consumption during 1880 was 2,063, which was at the rate of 1.50 per 1,000 of population, or 95.74 per 1,000 of total deaths.

STATE MEDICAL INSTITUTIONS.

Pitt County Medical Society. *
Raleigh Academy of Medicine—Secretary, A. J. Buffaloe, cor Dawson and Edenton.
Rowan County Medical Society. *
Wilmington Medical Society—Secretary, W. J. H. Bellamy, 209 Orange.
Wilson County Medical Society—Secretary, N. Anderson, Wilson.

MEDICAL LAWS OF NORTH CAROLINA.

AN ACT TO INCORPORATE THE MEDICAL SOCIETY OF THE STATE OF NORTH CAROLINA, AND FOR THE ESTABLISHMENT OF A MEDICAL BOARD OF EXAMINERS.

Be it enacted by the General Assembly of the State of North Carolina, and it is hereby enacted by the authority of the same :

SECTION 1. That the association of regularly graduated doctors calling themselves "The State Medical Society," be, and they are hereby declared to be, a body politic and corporate, to be known and distinguished by the name and style of "The Medical Society of the State of North Carolina," and by that name and style shall have perpetual succession and a common seal; that they, or a majority of them, and their successors, shall be able in law to take, demand, receive and possess money, goods and chattels, lands and tenements, and apply the same to the use and for the advancement of the purposes and objects of the said society; that the said medical society or a majority of them, and their successors, shall be able and capable in law of suing and being sued, pleading and being impleaded; that they shall be authorized to make all by-laws, rules and regulations necessary and proper for their own government, and carrying out the purposes contemplated in this act, and for the promotion of medical science and the elevation of the medical profession in this State, not inconsistent with the constitution and laws of North Carolina.
